### Turn Your RMDs Into Charitable Donations

By Malcolm Horn, CFP®

**ALLIANT**

Retirement and  
Investment Services

If you dream of your financial legacy leaving a lasting impact on the world, there's a way you can make a difference. You can use your Required Minimum Distribution (RMD) to make charitable donations, a strategy that could benefit both you and the causes important to you. I try to avoid too many acronyms; it can be overwhelming and confusing, especially with unfamiliar terminology. Here are a few acronyms that I'll be referring to in this article:

- **AGI:** Adjusted Gross Income
- **IRA:** Individual Retirement Account
- **QCD:** Qualified Charitable Distribution
- **RMD:** Required Minimum Distribution

You must withdraw money once you turn 73 if you have a traditional IRA. These withdrawals, or RMDs, are taxed at the ordinary income tax rate, which can sometimes push your annual income into a higher tax bracket, which may cause retirement concerns.<sup>1</sup>

However, there's a strategy that may help you put these distributions to good use and can help manage your tax situation: the Qualified Charitable Distribution (QCD) rule. This rule allows traditional IRA owners to deduct their RMDs on their tax returns if they donate the money to a charity or a non-profit organization. You can effectively manage your income taxes by lowering your Adjusted Gross Income (AGI); total income minus deductions). Please note the IRS puts a \$100,000 limit on the total distribution.<sup>2</sup>

Here's how it works: Once you decide to make a QCD, you choose a charity that qualifies as a charitable organization under IRS rules. Let your IRA custodian know your intention to donate your distribution and the amount you'd like. The custodian will then send a check to the charity on your behalf. It's important to remember that QCDs must be made directly from your IRA; you may lose the benefit if the distribution is paid to you first and then passed on to a charitable organization.<sup>2,3</sup>

Who should consider using the QCD rule? It makes sense if you:

- ❖ Would like your RMD to benefit another organization
- ❖ Want to support an approved charity rather than a foundation

- ❖ Want to make a larger donation than you could in cash<sup>4</sup>

This approach can provide some tax relief while helping fulfill your philanthropic goals.

If you have questions about QCD, we may have some information to help. Reach out to me or my team on [aris.alliantcreditunion.com](mailto:aris.alliantcreditunion.com) to get your charitable distribution plan in place.

## **United Airlines Announces First-Quarter 2024 Financial Results: Exceeds Revenue and EPS Expectations April 16, 2024**

United Airlines (UAL) today reported first-quarter 2024 financial results. The company had a pre-tax loss of \$164 million, a \$92 million improvement over the same quarter last year; adjusted pre-tax loss of \$79 million, a \$187 million improvement on an adjusted basis over the same quarter last year. These earnings reflect the approximately \$200 million impact from the Boeing 737 MAX 9 grounding, without which the company would have reported a quarterly profit. In the quarter, the company generated \$2.8 billion operating cash flow and free cash flow of \$1.5 billion. The company continues to expect full-year 2024 adjusted diluted earnings per share of \$9 to \$11.

United delivered strong financial and operational performance in the quarter. The demand environment remained strong with a double-digit percentage increase in business demand quarter over quarter, as compared to pre-pandemic. Additionally, the company was able to take advantage of a number of opportunities to adjust domestic capacity which drove meaningful improvements in first quarter profitability. Atlantic and Domestic markets both saw large passenger revenue per available seat mile (PRASM) increases year over year, with 11% and 6% growth respectively.

*"I want to thank the United team for working so hard this quarter to deliver strong operational metrics for our customers and sharpen our focus on safety, while producing excellent financial results for our shareholders," said United Airlines CEO Scott Kirby. "We've adjusted our fleet plan to better reflect the reality of what the manufacturers are able to deliver. And, we'll use those planes to capitalize on an opportunity that only United has: profitably grow our mid-continent hubs and expand our highly profitable international network from our best in the industry coastal hubs."*

**Fleet Update:** United has made several adjustments to its long-term fleet strategy based on future needs of the airline and manufacturers production and delivery timelines that are expected to smooth out and moderate the company's aircraft delivery schedule in the coming years including:

- ▲ Converted a portion of Boeing MAX 10 aircraft orders to Boeing MAX 9 from 2025 through 2027; maintained the right to convert more Boeing MAX 10 into MAX 8 or MAX 9 as needed.
- ▲ Have agreed to letters of intent with two lessors to lease 35 new Airbus A321neos with CFM engines expected in 2026 and 2027.

- ▲ Due to manufacturing and certification delays from prior years, by the end of 2023, the airline's contractual aircraft commitments for 2024 had increased to 183 narrowbody aircraft. At the beginning of 2024, these delays were anticipated to continue and the company expected 101 narrowbody deliveries. Following the 737 MAX 9 grounding and the FAA's announced significant production capacity constraints on Boeing, the company now anticipates 61 narrowbody aircraft and 5 widebody aircraft to be delivered in 2024.
- ▲ In the short run, the company expects a small number of aircraft previously scheduled to enter into service in the second quarter to be pushed into the third quarter, which is expected to have minimal impact on the company's capacity plans.

#### **First-Quarter Financial Results:**

- ▲ Capacity up 9.1% compared to first-quarter 2023.
- ▲ Total operating revenue of \$12.5 billion, up 9.7% compared to first-quarter 2023.

- ▲ Pre-tax loss of \$164 million, with a pre-tax margin of (1.3%); adjusted pre-tax loss of \$79 million, with an adjusted pre-tax margin of (0.6)%.
- ▲ Net loss of \$124 million; adjusted net loss of \$50 million.

#### **A 9/11 Story**

#### ***This is the full story referenced in the UAHF article on the back cover of this issue.***

On the morning of Tuesday, September 11, we were about 5 hours out of Frankfurt, flying over the North Atlantic. All of a sudden the curtains parted and I was told to go to the cockpit, immediately, to see the captain.

As soon as I got there, I noticed that the crew had that "All Business" look on their faces.

The captain handed me a printed message. It was from Delta's main office in Atlanta and simply read, "All airways over the Continental United States are closed to commercial air traffic. Land ASAP at the nearest airport. Advise your destination."

No one said a word about what this could mean. We knew it was a serious situation and we needed to find terra firma quickly. The captain determined that the nearest airport was 400 miles behind us in Gander, Newfoundland. He requested approval for a route change from the Canadian traffic controller and approval was granted immediately - no questions asked.

We found out later, of course, why there was no hesitation in approving our request.

While the flight crew prepared the airplane for landing, another message arrived from Atlanta telling us about some terrorist activity in the New York area. A few minutes later word came in about the hijackings.

We decided to BU to the passengers while we were still in the air. We told them the plane had a simple instrument problem and that we needed to land at the nearest airport in Gander, Newfoundland, to have it checked out. We promised to give more information after landing in Gander. There was much grumbling among the passengers, but that's nothing new! Forty minutes later, we landed in Gander. Local time at Gander was 12:30 PM! That's 11:00 AM EST.

There were already about 20 other airplanes on the ground from all over the world that had taken this detour on their way to the U.S. After we parked on the ramp, the captain made the following announcement: "Ladies and gentlemen, you must be wondering if all these airplanes around us have the same instrument problem as we have. The reality is that we are here for another reason." Then he went on to explain the little bit we knew about the situation in the U.S. There were loud gasps and stares of disbelief. The captain informed passengers that Ground Control in Gander told us to stay put.

The Canadian Government was in charge of our situation and no one was allowed to get off the aircraft. No one on the ground was allowed to come near any of the aircraft. Only airport police would come around periodically, look us over and go on to the next airplane.

In the next hour or so, more planes landed and Gander ended up with 53 airplanes from all over the world, 27 of which were U.S. commercial jets.

Meanwhile, bits of news started to come in over the aircraft radio and for the first time we learned that airplanes were flown into the World Trade Center in New York and into the Pentagon in D.C. People were trying to use their cell phones, but were unable to connect due to a different cell system in Canada. Some did get through, but were only able to get to the Canadian op-

erator who would tell them that the lines to the U.S. were either blocked or jammed.

Sometime in the evening the news filtered to us that the World Trade Center buildings had collapsed and that a fourth hijacking had resulted in a crash. By now, the passengers were emotionally and physically exhausted, not to mention frightened, but everyone stayed amazingly calm. We had only to look out the window at the 52 other stranded aircraft to realize that we were not the only ones in this predicament.

We had been told earlier that they would be allowing people off the planes one plane at a time. At 6 P.M., Gander airport told us that our turn to deplane would be 11 am the next morning. Passengers were not happy, but they simply resigned themselves to this news without much noise and started to prepare themselves to spend the night on the airplane. Gander had promised us medical attention, if needed, water, and lavatory servicing. And they were true to their word. Fortunately, we had no medical situations to worry about. We did have a young lady who was 33 weeks into her pregnancy. We took really good care of her.

The night passed without incident despite the uncomfortable sleeping arrangements. About 10:30 on the morning of the 12<sup>th</sup>, a convoy of school buses showed up. We got off the plane and were taken to the terminal where we went through Immigration and Customs and then had to register with the Red Cross. After that, we (the crew) were separated from the passengers and were taken in vans to a small hotel. We had no idea where our passengers were going. We learned from the Red Cross that the town of Gander has a population of 10,400 people and they had about 10,500 passengers to take care of from all the airplanes that were forced into Gander! We were told to just relax at the hotel and we would be contacted when the U.S. airports opened again, but not to expect that call for a while.

We found out the total scope of the terror back home only after getting to our hotel and turning on the TV, 24 hours after it all started. Meanwhile, we had lots of time on our hands and found that the people of Gander were extremely friendly. They started calling us the "plane people". We enjoyed their hospitality, explored the town of Gander and ended up having a pretty good time. Two days later, we got that call and were taken back to the Gander airport. Back on the plane, we were reunited with the passengers and found out what they had been doing for the past two days. What we found out was incredible. Gander and all the surrounding communities (within about a 75 Kilometer radius) had closed all high schools, meeting halls, lodges, and any other large gathering places. They converted all these facilities to mass lodging areas for all the stranded travelers. Some had cots set up, some had mats with sleeping bags and pillows set up.

All the high school students were required to volunteer their time to take care of the “guests”. Our 218 passengers ended up in a town called Lewisporte, about 45 kilometers from Gander where they were put up in a high school. If any women wanted to be in a women-only facility, that was arranged. Families were kept together. All the elderly passengers were taken to private homes. Remember that young pregnant lady? She was put up in a private home right across the street from a 24-hour Urgent Care facility. There was a dentist on call and both male and female nurses remained with the crowd for the duration. Phone calls and e-mails to the U.S. and around the world were available to everyone once a day. During the day, passengers were offered “Excursion” trips. Some people went on boat cruises of the lakes and harbors. Some went for hikes in the local forests. Local bakeries stayed open to make fresh bread for the guests. Food was prepared by all the residents and brought to the schools. People were driven to restaurants of their choice and offered wonderful meals. Everyone was given tokens for local laundry mats to wash their clothes, since luggage was still on the aircraft. In other words, every single need was met for those stranded travelers.

Passengers were crying while telling us these stories. Finally, when they were told that U.S. airports had reopened, they were delivered to the airport right on time and without a single passenger missing or late. The local Red Cross had all the information about the whereabouts of each and every passenger and knew which plane they needed to be on and when all the planes were leaving. They coordinated everything beautifully. It was absolutely incredible. When passengers came on board, it was like they had been on a cruise. Everyone knew each other by name. They were swapping stories of their stay, impressing each other with who had the better time. Our flight back to Atlanta looked like a chartered party flight. The crew just stayed out of their way. It was mind-boggling.

Passengers had totally bonded and were calling each other by their first names, exchanging phone numbers, addresses, and email addresses.

And then a very unusual thing happened. One of our passengers approached me and asked if he could make an announcement over the PA system. We never, ever allow that. But this time was different. I said “of course” and handed him the mike. He picked up the PA and reminded everyone about what they had just gone through in the last few days. He reminded them of the hospitality they had received at the hands of total strangers. He continued by saying that he would like to do something in return for the good folks of Lewisporte.

“He said he was going to set up a Trust Fund under the name of Delta 15 (our flight number). The purpose of the trust fund is to provide college scholarships for

the high school students of Lewisporte. He asked for donations of any amount from his fellow travelers. When the paper with donations got back to us with the amounts, names, phone numbers and addresses, the total was for more than \$14,000! The gentleman, an MD from Virginia, promised to match the donations and to start the administrative work on the scholarship. He also said that he would forward this proposal to Delta Corporate and ask them to donate as well. As I write this account, the trust fund is at more than \$1.5 million and has assisted 134 students in their college education.

“I just wanted to share this story because we need good stories right now. It gives me a little bit of hope to know that some people in a faraway place were kind to some strangers who literally dropped in on them. It reminds me how much good there is in the world.”

“In spite of all the rotten things we see going on in today’s world this story confirms that there are still a lot of good people in the world and when things get bad, they will come forward.”

### So Simple From Sheryl

After being secretary for the Central Coasters all these years, I didn't think it would come to this. My health hasn't been the same and I told our President **Mike Zoldak** to try and get a replacement for me. He doesn't have too many in our group to choose from so I know it will be difficult to find someone. I even considered not renewing my yearly subscription to the RUAEA Newsletter for this year; however, my daughters said I should do it for this year which I did.

**The following was received by our President Mike Zoldak:**

Our April luncheon at the Olive Garden in Santa Maria went off A-OK. The restaurant does not take reservations, but they took good care of us. It was quiet and we had an unusual server; he took 12 orders, including separate checks and did it all without writing anything down. What a memory. I can't remember what I had for breakfast this morning.

The total number of attendants was 12 so we had the 50/50 raffle. **Mayra** was our lucky winner. In attendance were **Mike & Bridget, Bob & Esther, Bob & Marcia, Dave & Jamie, Nina & Mayra, Joan** and **Mike Stadnick**. Mike is the volunteer for Santa Maria,

5 Cities, and Lompoc who attends veterans' funerals at the cemetery and presents the flag to the family, etc. He explained to us the folding of the flag and all the words that go with the ceremony.

Table treats this month were awesome. Contributing were **Bridget, Jamie, and Joan**. Joan brought in nicely wrapped CA "Scratchers"; 12 scratchers and not one winner, go figure.

We went over an item with **Esther** on getting a name added to employee retiree pass travel. Ditto with **Nina**. **Nina & Mayra** are planning a trip together to FL. I stayed away from UAL, airline & Boeing news because it has been so negative. [Think positive.]

I want to thank Mike for this report from our meeting/luncheon. This could be my last or next to last report from our chapter. Since I don't go to any meetings anymore, Mike was trying to get a replacement for me. We don't meet again until June so I hope he finds one.

I have now moved from a walker to a wheelchair. This I thought would never happen. Living in this home with six others has been very good for us. We are well taken care of and the food couldn't be any better. However on April 29<sup>th</sup>, one of our tenants died. I never got to meet him since he was bedridden. He was in this facility for 2 years so it is hard on the caregivers since they felt like he was one of the family; we are trying to comfort them.

Happy June to everyone from the East Bay Diablos group! Happy Father's Day to all the dads, grandfathers and great grandfathers out there! As I write this on May 7, Mother's Day is just a few days away. I hope all you mothers, grandmothers and great grandmothers in RUAEA Land also had a marvelous and memorable day. I apologize for my best wishes being a month late.

Our group holds in person monthly meetings on the first Monday of the month all year long. The restaurants are still dealing with staff shortages, so we have to give them a count beforehand for our meetings. If you are going to attend our meetings, you must RSVP prior to the meeting. I have put the dates of our upcoming meetings and the RSVP deadlines below. We changed the time of our restaurant meetings to 11:30. We go to The Old Spaghetti Factory in Concord every other month. We like The Old Spaghetti Factory because they have both a regular and a senior menu with reduced portions and soup or salad, ice cream and beverage included. They also reserve a room for us. We are now going to Fuddrucker's in Concord the other months. It's basically a hamburger place but you can also order chicken sandwiches, fish and chips, or a salad. We order at the counter and have a private room.

At every meeting we have a raffle for money and door prizes. We pay two dollars for three tickets. The door prizes are whatever people are inspired to bring. We average about 14 people at our meetings throughout the year, but virtually all our members come to our summer picnic meeting which is a catered BBQ luncheon at a member's home; and to our December meeting at Zio Fraedo's in Pleasant Hill. Social hour starts at 11:30 and our meal is typically served an hour later.

Our May meeting was held on Monday, May 6 at Fuddrucker's in Concord. We had 13 members in attendance: **Tracey Blanchard, Rich & Georgia Bouska** and guest, **Nancy Boyle, Diane Griego, Tom Johnson, Russ & Glenda Kennedy, Joe & Wilma Leather, Dee Moreci** and **Jan Soderstrom**. Our president **Russ Kennedy** started the meeting by leading us in the Pledge of Allegiance. **Tracey Blanchard** and **Rich Bouska** won the raffle money. **Russ Kennedy** also announced that May 6<sup>th</sup> was his and Glenda's 57<sup>th</sup> wedding anniversary, and that marrying Glenda was the smartest thing he ever did. How sweet!

**Barbara Cunningham** is collecting both new and used Christmas cards. She donates them to a local special education teacher who uses them in his classroom. He has told Barbara he can use "all the cards he can get." The students make gift cards which they sell at the school fundraiser. If you have cards you'd like to donate, please contact Barbara at (925) 846-8123 or [barbjc1943@gmail.com](mailto:barbjc1943@gmail.com) for more info, or just mail them to her directly at 3556 Touriga, Pleasanton, CA 94566-6931. Note: This is a new email for her. This teacher needs just the cards, no envelopes. The money they raise is for special outings like field trips and other enrichment activities for the special needs students.

**Jan Soderstrom** is collecting coupons for the charity Support our Troops. This is a service project of her Daughters of the American Revolution (DAR) chapter. According to Feeding America, an estimated 160,000 military families experienced difficulty putting food on the table in 2020. Troops in junior enlisted ranks are especially vulnerable to food insecurity — almost 30% need help.

I would like to ask all of you to cut out coupons and mail them to me at 30 San Piedras Place, San Ramon, CA 94583-3018. This is such an easy thing to do to support our troops. For the price of a first class stamp, you can get about 90 coupons in an envelope. The coupons have to say Manufacturer's Coupon. If they come in a strip, please cut them into separate coupons. The collected coupons are then distributed to overseas military personnel for use in their commissaries. The commissaries honor them for six months after the published expiration date so expired coupons can be sent too; however, please send in coupons at least every other month so the troops have a longer time to use them. Unfortunately, manufacturers are cutting back on the coupons they are issuing, especially on food items, just when people need help the most. So anything we can send to the troops is greatly appreciated. I get so excited when I get a coupon for eggs!

I am so grateful for the kindness of all the RUAEA members who are helping me with this project. I have been turning in coupons every month since May 2022, and on May 4, I turned in a whopping 1648 coupons! Thank you so much to the members in my local RUAEA chapter and to members from all over the country who are sending coupons. All the coupon cutters are telling me that they are not getting coupons like they used to. It's really bad in the SF Bay Area and I'm glad that other areas of the country are still able to send coupons. If it weren't for the RUAEA folks from all over the country sending me coupons, my chapter would have very few coupons. This month I received coupons from **Mary Brennan** in MN, **Sharon Dunham** in IL, **Margie Klaus** in NV, **Carol Koslosky** in NY, **Mau-reen Neidle** in IL, **Betty Ogburn** in NJ, **Jim Taylor** in

FL, **Norm Wilkinson** in IL and **Gilbert Wojtal** in AZ. I would also like to thank **Tracey Blanchard**, **Diane Griego**, **Tom Johnson**, **Glenda Kennedy** and **Russ Schleske** in my East Bay Diablos chapter for bringing coupons to our meetings.

Our meetings are the first Monday of the month and we meet all 12 months of the year. Upcoming Meetings: Please join us!

- ▲ Monday, June 3 at 11:00 — This is our summer picnic meeting—one of our chapter's favorite longstanding traditions. Please note the earlier start time of 11:00 for this meeting only. We will have a catered BBQ lunch from Back Forty BBQ at **Diane Griego's** lovely home and garden in Concord. This delicious lunch includes barbecued chicken and ribs and all the fixings - potato salad, rolls and butter, baked beans, and corn on the cob. Dessert is cake and ice cream. BYOB. Cost is yet to be determined; pay at the door. Reservations are required and the RSVP deadline is Wednesday, May 29. Please contact **Jan Soderstrom** at [janet.soderstrom@yahoo.com](mailto:janet.soderstrom@yahoo.com) or (925) 833-9184 for more information and to RSVP.
- ▲ Monday, July 1 at 11:30. — Old Spaghetti Factory, 1955 Mt. Diablo Street, Concord. Social hour starts at 11:30 and we eat around 12:30. We order from the regular menu and have separate checks. Not surprisingly, the color theme of this meeting is patriotic colors in honor of July the Fourth. Must RSVP to **Jan Soderstrom** at [janet.soderstrom@yahoo.com](mailto:janet.soderstrom@yahoo.com) or (925) 833-9184 by Friday, June 28.
- ▲ Monday, August 5 at 11:30. — Fuddruckers, 1975 Diamond Blvd, Concord in the Willows Shopping Center. Social hour starts at 11:30 and we will eat around 12:30. We order from the regular menu and have separate checks. Must RSVP to **Jan Soderstrom** at [janet.soderstrom@yahoo.com](mailto:janet.soderstrom@yahoo.com) or (925) 833-9184 by Friday, August 2.

Until next month, take care and do everything you can to stay healthy!

WWW checking in (that's WeatherWonderWoman for those of you wondering what the heck is she talking about!) We have had our share of good/bad/and the ugly (as have the whole country experienced severe weather,) our hearts go out to those who have had devastating tornado, winds, snow and flooding. One day of 70 degree weather, next day torrential rain, back to 70+ weather – we just need to hunker down, read a good book and know that Spring has sprung, giving us beautiful flowering trees to admire.

I gave you a recap of the job **Barbara Underhill** has been doing at our local Voting Precinct. In the last months newsletter, our sister county, Santa Clara, had a unique situation that had a tie for the office of Mayor. One candidate secured his spot and the next two were tied with 30,249 votes each. The powers-to-be decided that they would have a recount (beaucoup dollars,) so the workers went back to work and did the recount. Of the two candidates running, one came out and won by 6 ... yes! 6 ... votes. Moral of this story: Don't ever say that your vote doesn't count! The loser was very gracious in his speech admitting his defeat and loss.

Here are the meeting and luncheon dates for the next few months:

- May 20 – Please note the date change – we will have our 10:00am meeting at the Rec. Center and then go to Lunch at Dennys' which is located on Hillsdale Ave. and Norfolk in the Marina Shopping Center. Easy to find, plenty of parking - an email will be sent to those that have email accounts.. **No** separate checks so please bring cash so that you can reimburse **Ginger Dahlberg** who will use her credit card.
- June 24 - 10:00am short Board Meeting, 10:15am members social time. Lunch will be sandwiches from Safeway, \$11 per person. Please bring cash to be given to **John Garis** (Treasurer.) This includes your choice of Roast Beef or Turkey sandwich, chips, drink and dessert. You need to let John know your choice. We will have a raffle also.
- July 22 - Regular Board meeting at 10am, members social time and lunch at Waterfront Pizza and Mediterranean Restaurant which is located in the Edgewater Shopping Center, 969 D.

Edgewater Blvd. Ask for the senior discount, separate checks OK. Great food!

Once again, special thanks to **John Garis, Barbara Underhill** and **Carol Slater** for heading up the March meeting.

I had my traveling shoes on and was off to Europe. 16 of us flew on Swiss Air to Zurich with a connection to Barcelona — what a terrific flight, long but great food and service. You need to go to Barcelona! Clean, safe, great tapas, a delightful boutique Hotel close to many shops, taxis are very inexpensive and wonderful things to see and do. The group went to a Dinner and Tango show that was outstanding. The buffet was an extensive array of Spanish food and the Tango show was one you need to see. Most tango shows feature pretty women with very colorful dresses; only one woman and then two fantastic men who dazzled us with their footwork and artistry! A trip to Montserrat where we visited the Church that is home to the Black Madonna and Child statue situated on a gold altar. This excursion was labeled moderate with very few steps – the guide said only 9 stairs. Little did we know that he meant 9 stairs, then 4 level steps, then 9 more stairs, then 4 level steps ... this went on for about 8 more 9 stair intervals. Needless to say, We “Mercans” need to get out there and walk more! Only 3 days in Barcelona so off we went to the TGV train from Barcelona to Arles, France where we boarded our AMAWaterways ship the AMAKristina. The excursion to see Les Baux & Carriers des Lumieres was a spectacular presentation of art, sound, music and history projected on the walls of a former quarry. I have never seen such a unique show! Another highlight excursion was to visit a Truffle Farm that was owned by a gentleman who was the 8<sup>th</sup> generation owner (he also grew grapes.) After explaining that pigs were no longer used to forage truffles (they ate all they could find,) but now use specially trained dogs. No man or machine can locate these “jewels”; it must be the smell that is detected. The dogs eagerly went to work and found several truffles that are found in the ground and look like black rocks. These prized delicacies are considered “the diamond of the kitchen.” We were able to taste his truffles and wine and could purchase small jars of truffles – no wonder they are costly, I think diamonds are less expensive! Wonderful food, excursions into towns, wine and cheeses from the areas that our cruise took us to – Avignon, Viviers, Vienne and finally Lyon, our final destination. Homeward bound via Frankfurt and a couple of weeks to recuperate. So ... dust off those travelin' shoes and join us on our next get-away!

Back to reality ... April birthday, **Diane Heinrich** and May 1<sup>st</sup> **Lydia Rolfe** who danced around the May Pole (Surely you danced around the May Pole in your youth!) We had 19 live ones show up for our meeting

and luncheon. Jacks' good food and a corner in the Patio made for some lively conversations. 2 guest retired Pilots from the Moss Beach area joined us and we hope they will come again. Our raffle money winners: **Andy King** (who graciously gave back the money for our treasury ... thanks Andy!) and generous **Pat Ortega** (she knows why – Mahalo.) Gift donation winners: **Lydia Rolfe, Bill Heinrich, Andy King, Jerry Marsala, John Bogdanoff** and **Pat Ortega**, and our guests Gaylen and Doug.

Come join us if you are in town, all United and Continental retirees are welcome - we meet on the 4<sup>th</sup> Monday of the month at 10:00am at the William Walker Recreation Facility, 650 Shell Blvd., (Shell Blvd. and East Hillsdale Blvd.), Blue Bird Room, Foster City, CA 94404. Note: Our mailing address is UAL-SFO Bay Area Retirees, c/o **Ginger Dahlberg**, 821 Magellan Lane, Foster City, CA 94404.

Mother Nature seems to want to keep up the rhyme; “*April showers bring May flowers*” - well, we have to see about the May prediction, but April showers we have had! Since we closed out March with Easter, that kind of took away April's holiday – however, today, as I write this, is Earth Day. I kind of think of every day as a day to enjoy, protect, enrich this lovely planet we call Earth. After all, there really aren't any alternatives to living on this big ball of dirt! We'd be crazy to not make sure it stays healthy.

**Rudy Blazius**, ever ready to handle this gang, brought our meeting to order by (first) saying thanks to **Roy & Dawn Martin** for arranging our luncheon at Casa los Abuelos. I believe we had 25 members enjoying their cuisine today. We have an advantage here as they have a separate dining space where we can visit, laugh and hold our meeting without disturbing their other patrons. **Ernie Helliwell** and **Diane Wilson** were welcomed as our guests today. The “Happy Birthday” greeting went to **Roy Martin** and **Jane Gibson**. And then Congratulations were delivered to both **Bill & Jane Gibson** and **Roy & Dawn Martin** for choosing April to get married in! April rocks!

*President* ~ **Rudy Blazius** did not have a specific “report” but contributed throughout the meeting.

*Vice President* ~ Okay, **JR Heier** gave up time with granddaughters to join us today because he needed to share some information and experiences with the health

insurance carrier Aetna. I just spoke to JR and he has just been notified that the concerns he had have been resolved. Whether you have Aetna – or any other provider - as your supplemental medical insurance, you might want to touch bases with the company and be sure of your coverage. As retirees, we don't seem to have anyone at United to act as a representative for these matters. We do need to be proactive regarding our health care so that we know what and where we will receive coverage.

As an added point of conversation about insurance dealings with other things such as home, car, etc. we worked over the concern that, here in California, many insurance companies are dropping coverage. Again, stay on top of your policies.

*Treasurer* ~ **Tom Kenny** came prepared, as usual, with his report. We are enjoying a balance that is in keeping with what is normal for this time of the year. Tom doesn't just keep our bank tally for us, he also files the necessary paperwork for the IRS each year and he has been so very diligent about the tool collection for the students at Sacramento City College's A&P mechanics program. Tom went to the Gold Diggers' last luncheon to bring them up to speed on that program and to see if anyone there might have tools they would be willing to part with that can go towards these students. It turns out some do have and would like to donate them. **John Muir** brought tools to the meeting today as well.

*Secretary* ~ Other than putting out another plea for a host to handle the June luncheon, **Jane Gibson** did not have a report today. Alert! We have June's luncheon covered! **Duncan Nielsen** took charge and we won't have to cancel June!

*Sunshine* ~ **Suzanne Kenny**, who is recovering nicely from knee surgery, did not have any new news regarding our members. Suzanne did report that there were 14 Miners who attended the Celebration of Life held at the Akin Ranch for long time member, **Ed Akin**. **Lindalee** and **Julie** were with us today and were able to join in on the positive comments. There were probably 200 people who shared stories and memories of Ed and his enormous heart and generous soul. Son, Tim, has been handed the “reins” and is handling the care for not only Ed's huge Caterpillar collection, but the running of the ranch. Not alone, of course, as the family is large and they all pitch in. Lindalee is recovering from a dislocated left shoulder and not able to do too much at this time.

*Old Business* ~ Rudy asked Jane to remind all of us about the United Airline Retired Mechanics Reunion. This year the dates were moved up a couple weeks and will be held over September 17, 18, 19 at the Carson Valley Inn in Minden, NV. If you didn't receive the information update email, please let me know and I will

be happy to give you the info for the hotel. The barbecue will be held on the 18<sup>th</sup>. If you haven't been to one of these reunions before, think about joining us in September.

*New Business* ~ No new business this month.

I recently received an email from a former Hangtown Miner, **Alice Somplac**. I believe several of you were involved with the Miners when Jon & Alice were active members. Alice wanted to let us know that Jon passed away on January 30, 2024. Jon was a past President of the Miners. We wish Alice well.

Next month we will be getting together at Denny's in Cameron Park. I'm told they have wonderful hamburgers and more, I'm sure.

Rudy wrapped up our meeting with these parting words: *"We hang petty thieves and appoint the great ones to public office."* *"Those who are too smart to engage in politics are punished by being governed by those who are dumber."* *"Politicians are the same all over. They promise to build a bridge even where there is no river."* *"When I was a boy I was told that anybody could become President; I'm beginning to believe it."* *"Politicians are people who, when they see light at the end of the tunnel, go out and buy some more tunnel."*

... and with that, JR took over to get the raffle started. **Judy Fitzpatrick** won the donator's prize – again! A huge thank to all who brought items for the raffle: **Heier** – wine; **Bell/Nielsen** – citronella candles; **Blazius** – spoon rest; **Fitzpatrick** – United thermos; **Dinette** – cookie jar; **Biro** – wine; **Martin** – wine; **Gibson** – bread mix and all the table decorations from the Martins.

As we finish up April and get ready for May, take time to "smell the roses" – as in, stay busy, stay safe, stay happy, stay healthy – each day is a gift which is why it is called "the present".

The San Diego Resans group met for breakfast at the Pt Loma Cafe and we had fifteen retirees in attendance. We are looking forward to our Spring/Summer Luncheon which is in June this year. If this works well, we may continue to do this and make it our Summer Fling. April just came too close after the Christmas Holidays.

**Rosalie Tripicchio** was having cataract surgery so she was unable to attend and we missed her presence.

**Bill Krefft** is now recovering nicely and getting his therapy at home so he doesn't have to go out every day. It takes a lot of stress off **Rosina** to have him home.

**Peggy Van Sickle** is now settled into a Senior Living Home in Iowa and is now close to her family. She continues to receive therapy; she does experience pain but she is very pleased with the treatment she is receiving and looks forward to the frequent visits from her family.

**Joan & Paul Zadrozny** will be celebrating their 59<sup>th</sup> anniversary this month.

**Louie Semon** is on his way to cruise Antarctica and by the time you receive this, he will be in the middle of the cold, ice and snow!

**Peter Wronetsky** celebrated his birthday this month on June 29<sup>th</sup>.

There will be no Breakfast in June as our Summer lunch will be held the following week.

#### Calendar:

**June 12** - Summer Fling Lunch; the Tequila Factory in Old Town.

**July 11** – Breakfast at the Pt Loma Cafe (note July 4<sup>th</sup> is a Holiday), we are moving the date a week.

**September 27 – October 2** – RUAEA Reunion. This issue of the RUAEA Newsletter contains the info you need to make your plans for what you will want to do when you attend.

The Sacramento Gold Diggers met for their April lunch meeting at BJ's Brewhouse in Roseville. We had 17 in attendance including a guest of **Jim Simon**, **Linda Lance** from the Chicago area. We had very good service from Jacob with the assistance of Leah. After a nice lunch which most of us had the Wednesday special, one of many hamburger options for \$11.00, President **Jim Simon** called our meeting to order by thanking Leah and Jacob as well as the **Bertacinis** for hosting. Jim also thanked the members for donations for our monthly raffle to help the treasury.

VP **Barbara Bertacini** reported that we are currently looking for a place for our May meeting and that if any member would like to host to let her know. Secretary **Ron Bertacini** reported with only one anniversary for April, the **Haubls**, **Laverne & Len** with 66 years. Treasurer **Robin Garland** reported that she had

contacted some previous members about rejoining and **Bob Opdahl** responded by rejoining, bringing our membership total to 38. Robin also reported that the chapter is still solvent thanks to the raffles. Our Sunshine Lady, **Angie Dellinger**, reported that she had talked to Julie, **Orville Harshbarger's** daughter and found that Orville had fallen and broke his hip and is currently at Sutter in Auburn recovering. Orville is apparently also experiencing some heart issues. Angie also spoke with **Jack McKinney** who is dealing with bladder cancer and considering his treatment options; Jack seemed to be in good spirits. Angie also spoke with **Laverne Haubl** and that Len is having several medical issues. Laverne has someone come in to assist and look after Len, giving her some time to reenergize. Cards would be appreciated for our members dealing with health issues.

Regional Director **Dave Garland** hoped to see many of us at the RUAEA Reunion in San Diego later this year. Dave emphasized making a hotel reservation as soon as you can; if you are thinking of attending, please do so by using the Dana Hotel's 800 number.

**Vicky Enriquez** offered to check with the Lincoln Chinese restaurant for the May lunch meeting. **Ron Bertacini** advised that he had been working with the Newsletter Manager, **John Chu**, in getting the Reunion Package together and that it has been finalized and will be in the June issue. **John Chu** is working with the website people to have not only the package online but for us to be able to make our registration and pay with a credit card. As soon as everything is in working order, we will advise you. It should be online within the next few weeks.

We had two April birthdays, **Sherrie Wolfram** and **Frank Dellinger**. The birthday roll-off was won by Frank and benefited him with a few extra dollars.

Jim had some brief history for April 24<sup>th</sup> ... 1184 BC, Greeks enter Troy using the Trojan Horse, 1800 The Library of Congress is established and 1898 Spain declares war on the United States starting the Spanish – American War.

We ended the event with our monthly raffle. Some shirts donated by the **Bertacinis** were a big hit. In attached picture above, from L to R: **Dave Garland, Frank Dellinger, Ron Bertacini** and **Irv Wolfram**.

I'll avoid minutes from last month's meeting since there aren't any. We just had a get-together with some friendly conversation around the table; peppered with random discussion about the safety and quality issues at the Boeing company.

Steve did remind everyone about the Mechanics Reunion in Carson Valley, NV and the RUAEA Reunion in San Diego this year. Unlike last year, these events will not be on the same week leaving room to attend both if you so desire.

I did want to let you know that all members that join us for lunch have paid their annual dues. We have 26 active members. Thank You!

Our next lunch get together will be at Huckelberrys on May 9 at 11am in Oakdale, 1214 W F St. Steve & Jacque have set it up for us. Please let Steve & Jacque know if you will or won't be joining us. It's best if you can e-mail or call them no later than Monday 5/6. This helps the host coordinate with the restaurant in advance for their set up. **Steve & Jacque Foster**, (209) 328-1210, [sgoldwing@comcast.net](mailto:sgoldwing@comcast.net).

Anniversaries ~ **Lou & Jean Marcolino, and Ted & Maria Boone.**

We talked about our upcoming BBQ at Vasona Park on June 12<sup>th</sup> and what participants may bring. The Chapter is catering our own affair this year with Tri-Tip, Chicken, salads, sides and beverages supplied by the Chapter. **George Midwin, Chuck Clayborn** with assistance from **Bill Reichard** will be primary Grill Masters; with our Group as assistants as necessary.

Our field trip for May 23<sup>rd</sup> begins the Summer visits to the Senior Safari at Happy Hollow Zoo in San Jose. Parking and entrance to the Zoo are "free" to those age 50+ between 09:00AM and 10:00AM. We get in before the gates officially open for the day. It is quite nice for us "Seniors". Next month, I hope that I can set up another field trip to Cantor Center on Stanford Campus to view the Rodin exhibits and other artworks in the Center; no entry fee, but there could be a charge for parking. We will be after the BBQ at Vasona Park.

In closing, don't forget the Reunion in San Diego at the end of September.

Well, it's certainly not official, but it's summer in Orlando! At 7:15AM today, it was already 71 degrees and now, at 5PM it's 91 - really! Couldn't just ease into it, huh?!

19 regulars and 2 guests joined us at Denny's today. **David Houck**, retired MCOCS and **Eugene Andre**, retired MCOMM ... both guys from long ago but still lookin' good!

President **Al Fields** opened the meeting with the

Pledge and then asked all the “Mothers” to stand to a round of very kind words and kudos from Al himself! We all agreed to sit for the applause. Ha Ha!

Treasurer was absent, but Secretary **Elaine Tillman-Mannella** advised us that, once again, we are solvent! Elaine shared a reminder that Paulie’s Push in honor of the Flight Crews of 9/11, will, this year start in Boston the week of August 18<sup>th</sup> and end at the National 9/11 Memorial, “Ground Zero” ... 210 miles later. Last year, our own **Bobby Catton** (MCOCG retired) went and met Paulie and brought back wonderful pictures and memorabilia to share with all of us. For more info on Paulie, check out Facebook on [pauliespush.com](http://pauliespush.com). The Shanksville Memorial is also accepting donations. September 11<sup>th</sup> will be here before we know it. Let us never forget.

There were no Birthdays to applaud today, but May is certainly popular for Wedding Bells!

June—Are you ready for summer? AccuWeather agency says it will be hot with a higher chance of severe weather than last year. The other agency said even hotter and about eight days of rain. Do you have a preference? Will it matter? No. If you've lived here long enough, you know the old saying, 'Don't like the weather? Stick around five minutes, it'll change'. If you worked in the operational part of United, you know that is a true statement. Anybody working a trip was ready to push back the plane, then, boom, this wild wind and rain would come out of nowhere and the captain and operations say, 'Whoah, hold on Kemosabe, not yet'. And you and your spouse, just got first class seats on flight 1 to HNL, at the Y, Terminal 2, you'd have to hold your breath that you'd even be leaving. It's always those last 20 minutes that always made me nervous, actually, once the wheels went up I could breathe. The gate agent could always open the cabin door to let on another passenger, there goes your seat, champagne, salad, roast beef, ice cream sundae with whipped cream and a cherry! Good trips. Now we're lucky we even get on and a seat next to our partner. We were so fortunate that we worked during the good times. I'm so happy I got to see most of the world that I did. How about it, you too, and glad we're out of there? Being retired has its good points; at least we get the 20% discount.

The other day, while watching the History Channel, there was a commercial for United's Aviate School in Phoenix. They talked about a pilot shortage at UAL and how much easier it is to become a United pilot today. I don't think they read their own press release, that the company is asking current pilots to take off the month of

May and possibly beyond, because our new Boeing deliveries are delayed due to manufacturing problems. Don't think it's a good time to travel on a pass, but then I always was a scaredy cat on passes. Maybe because on my very first pass back in 1962, I got pulled off my trip to SFO because of a late passenger. My friend, **Jackie Clarke**, got off too, she knew I'd be lost. That whole trip was a mess, only one seat left coming back, Jackie stayed with me. We didn't get out until the midnight flight, landed at 6:00, had time to get home, shower and got to work late. Our boss, **Bill Carson**, gave us hell, one of us should have gotten on the flight, this way we were both late for work. Never forgot that trip, or the scolding. Well, I hope the Boeing situation gets cleared up, it's affecting many airlines, employees and companies.

The June important dates are Father's Day, of course, on the 16<sup>th</sup>. To my dad, it was the one day he could grill his steak, corn in the husk, and enjoy his beer, watching a Cubs game, of course. The other holiday is the 19<sup>th</sup>, Juneteenth Day. Let's not forget D-Day, on the 6<sup>th</sup>, the turning point in WW2, 1944, in Normandy, France. Over 160,000 troops were involved in throwing off Germany on the northern coast of France. There are a lot of very moving pictures about that day, 'The Longest Day', 'Saving Private Ryan', and 'Breakthrough at Normandy'. TCM will be showing most of these movies on the 6<sup>th</sup>. Maybe your grandkids would like to watch and know more about history with you.

Don't know very much about the Northside Breakfast in April. I only heard from two possible attendees, but since it rained a lot that day, I didn't go and never heard from them if they went and who joined them. Hoping for better results in May.

The ORDMM mechanics had better luck with eight fellas, **Bob Palm, Harry Kargenian, Rich Protsman, Cas Paprocki, Don Kramlich, Walt Chornomaz, Bud Lowe, and Ron Geibel**.

The ORDMM foreman included **Glenn Hill, Bob Smietanski, Tom Abraham, Bart Kendall and Stan Chmieliwicz**.

Our April 9 Skyliner Luncheon was a huge success with about 80 people attending. As usual, the Belvedere had delicious food, and their squash soup. They really treat us well, why wouldn't we continue going there. Our next luncheons will be Fall-ish and December. Dates are still floating out there but we will advise you as soon as we know.

People were talking about the eclipse that was the previous day, what an exciting event to see for probably the last time. There will be others but not in our area. In a couple of years, there will be one in Antarctica, if you're interested. Our entertainment for the afternoon was Peter Oprisko, a very enjoyable singer who de-

lighted us with music from the 40's to the 60's. He explained the history of each song, singer and writer, so it made each song more engrossing, even though we all heard the songs hundreds of times. He also had a wicked sense of humor, kept us laughing, and waiting for the next song. It made us feel like we were at our Senior Prom, Peter wore a black tuxedo, but this time, we were the actual Seniors. I think the group would like if we invited him again, that can be arranged, let us know. Lot of beautiful old-timer faces, so good to see you all again. If you keep coming, we can still keep planning our parties. Sound like a deal? Good! Talk about somebody from our past, **Peg Maromaty**, who moved to Madison, WI, a few years ago, drove down just to see her old friends and have lunch with us. Impressive! **Toni Van Kampen** took photos that you can see under [ChicagoSkyliners.org](http://ChicagoSkyliners.org). Our committee is so wonderful. Even with a smaller Board, we all work together and get things done. **Jim Sommerfield** and **Renee Jakus** did most of the planning; Renee also did the Raffle tickets with **Kitty Bystrom**. **Ken Thiede** said the Prayer of Thanks, **Charlie Lewis** said the Pledge of Allegiance, **Marlene Anderson** and her Name Tag helpers, **Ginny Vlach** and friend Sharon, gave out the tags, **Tom Pelc** paid the bill, **Janice Gillian** was unable to attend, but has given some very helpful ideas. They are all so cooperative, how did I get so lucky?

Another lucky guy is **Dave Roderick**, president of the IAM Lodge 1487 Retirees Club. His Cinco de Mayo celebration also brought in just under 80 members. An exciting Mexican lunch was served and everyone was pleased. A few new members were there. June is Hot Dog Day. They will continue collecting \$6.00 per person in June for those who want to attend. July is Pizza Day.

Our fellow co-workers that have flown West include, **Ralph Brick**, OPBOP, **Ed 'Ned' Neumann**, ORDFO; from ORDCS, **Shirley Kagle**, **Lori Zydlo**, **Art Mollat**, ORDCS and ORDCG, **Sandy Potempa**, ORDCG, **Mike Obert**, **Al Kweiler**, **Roger Hill**, from ORDMM,

Also missing from our world are, actors, from Young and Restless, **Marla Adams**, (Dina Abbott), and **Megan Bennett**, (Julia Newman), **Bernard Hill** (the Titanic Captain), **Susan Buckner** (Grease Cheerleader), Musicians, **Sir Andrew David**, Lyric Opera conductor, guitarist **Duane Eddy** (Peter Gunn theme), **Dickey Betts** (Allman Brothers), **Richard Tandy** (Electric Light Orchestra), sportsmen, **Roman Gabriel**, LAX and PHL football, **OJ Simpson**, Buffalo Bills, **Bill Tobin** (Bears executive), fashion icon, **Roberto Cavelli**, Cook County Clerk, **Karen Yarborough**, newscaster, **Robert McNeil** (PBS), and aviator **Dick Rutan**, (test pilot for Voyager).

#### Reflections of a Boomer:

*I've seen fire and I've seen rain, I've been through the desert on a horse with no name.*

*I've gone to Kansas City, I sang in the sunshine, I've been on the road again, with Georgia on my mind.*

*Like a rolling stone, I've given peace a chance, I've put a camel to bed and danced the last dance.*

*Mr. Tambourine man played a song for me, I've whispered words of wisdom, let it be.*

*I've fallen into a burning ring of fire and walked the line, to all the girls I've loved before, you were always on my mind.*

*I've been everywhere, I've been so lonesome, I could cry. I've driven my Chevy to the levee when the levee was dry.*

*I've been to Itchycoo Park in a yellow submarine, I've made the scene in a time machine.*

*I've done the Hokey Pokey and turned myself around, I've welcomed baby back to the poor side of town.*

*I've followed the tracks of my tears down a long and winding road. I've kept on searching for a heart of gold.*

*I've sought shelter from the storm, I've sat on the dock of the bay, I've rocked around the clock, on a shiny day.*

*I've knocked on Heaven's door, while blowing in the wind, joy to the world, those were the days my friend.*

*Lay lady lay, in crimson and clover, It's been a hard day's night, the party's over.*

Bet you knew all of them, didn't you? Great memories, great music, words you could understand.

## INDIANA

Our April meeting was held on April 9<sup>th</sup>. Those in attendance were **Bob & Myrtle Duty**, **Ron Bretherick**, **Allen Miller**, and **Frank Ingegno**. Due to the small number of members in attendance, we decided to scratch the May picnic plan and instead will have a special lunch at one of the local restaurants. No other business was discussed.

I'd like to mention some recent travel. In March, Susanne & I took a road trip to see "Mickey" in Orlando. Along the way, we decided to visit a couple attractions. First, we stopped in Savannah, GA. While there, we visited "The Museum of the Mighty Eighth Air Force". Interest in seeing this was sparked by the recent "Masters of the Sky" series on TV. The series reminded me of the unbelievable bravery of our WWII airmen and soldiers. The losses they experienced were horrific, yet they kept going up again and again. The museum has a B17 on display, but it also has displays regarding what all those brave men experienced. This

includes the Mission Experience, Escape and Evasion, being a POW and more. While there I overheard a woman explaining to her daughter how her "grandpa" flew with this group. Very cool! To fully experience this museum, you must allow at least ½ day. I recommend it to all interested in WWII and the B17. See attached pictures. After Savannah, we drove to Cocoa Beach Florida. By luck, a Kennedy Space Center launch was scheduled during our visit. A must see for an aviation/space geek like me. We drove to Titusville, Florida and found a perfect spot off the side of road that gave clear viewing of launch pad across the bay (See the attached photo with launch pad behind us). Weather

and view were perfect. Problem is Space X was not perfect. The launch was delayed a couple days, so it didn't go off while we were in Titusville. We did finally see it from Disney hotel a couple days later. If you happen to be in central Florida and wish to see a scheduled launch, drive to Titusville area. Just south of Titusville town, the road drives adjacent to the bay. Pull over in one of the clearings and wait to enjoy the view and experience. It's **free**!

Back home in Indiana there was the Total Solar Eclipse in April! I've always wanted to see one. This one came to **me**! I saw it from my backyard! I still can't believe it! Also, the skies were perfect for it. On that

day, the Indiana clouds just parted allowing for perfect viewing! Such a great once in lifetime experience. I had my telescope setup. Once the sun was blocked out, I removed the filter and was able to see the solar prominences loud and proud! Attached is picture of what I saw. I did **not** take this picture (I'm not that good a astro-photographer) but it shows exactly what I could see thru the telescope. It was so cool!!

I've had a wonderful spring 2024!

There were 4 attendees at our April meeting at Black Bear Diner. Since our meeting day was also the day of the total eclipse, we assumed everyone else was staying home to see it. It was only partial in our area but there was massive TV coverage of the event. **June & John Roe** and John & I had a pleasant lunch.

Oakland Municipal Airport has started the process to rename itself San Francisco Bay Area Oakland International Airport. As Oakland continues to lose flights, they argue it is because the airlines do not know its proximity to San Francisco and is part of the San Francisco/San Jose/Oakland triangle of airports. SFO, of course, is fighting this name change saying it would be too confusing for everyone.

Reno/Tahoe Airport just reopened its newly expanded ticket counter area. It was enlarged to better accommodate a larger number of flyers as the population continues to grow. Airport renovation continues as plans are to move the car rental agencies out of the parking garage and onto their own facility.

The lone April birthday was celebrated by **Linda Borchers**. The 50/50 winner was **June Roe**. Yes, with 4 people, we had a 50/50 drawing. We signed a sympathy card for **Kathy Robinson**. Her brother back in North Dakota had passed away.

Our next meeting will be on Monday, May 13 at Black Bear Diner at 11:00 am.

## OREGON

I was not able to be at our April meeting but expect there was lots of joy. We just love gathering together once a month and catching up with other folks; lots of laughter, and great food. What more could anyone want!

And now for a little humor, and a few puns, with a touch of philosophy thrown in, to help your day pass with a little more fun:

- ☺ The tongue has no bones. But it is strong enough to break a heart a heart. So, be careful with your words.

- ☺ National Coffee Day: January 1 – December 31.
- ☺ A piece of string walks into a coffee bar, hops up on a stool and orders a latte. The barista says: "I'm sorry but we don't serve strings here. You will have to leave". The string hops down, goes outside and stops a pedestrian. "Excuse me sir. Could you unravel my ends and tie me into a knot"? The guy does what the string asks and gets a big thank you from the string. The string goes back inside the coffee bar, hops onto a stool and orders a latte. The Barista asks, "Aren't you that piece of string that was here a few minutes ago"? "No", said the string, "I'm a frayed knot".
- ☺ After turning 60, our brains are slower because we know so much. It takes a while to recall something from such a giant storehouse of information!
- ☺ My body is really just a filter. Coffee goes in, sarcasm comes out.
- ☺ Boss: Do you believe in life after death? Employee: Certainly not. There is no proof of it. Boss: Well, there is now. After you left early yesterday to go to his funeral, he came here looking for you! Oops!
- ☺ If at first you don't succeed, try drinking a glass of wine. You will be amazed at how much less you care.
- ☺ A Roman walks into a bar, holds up two fingers, and says, "five beers, please"!
- ☺ My parents wanted me to be a cardiologist, but my heart wasn't in it.
- ☺ The Weight Watcher's website just asked me if I accept cookies. Is that a trick question?
- ☺ I had an idea to steal some Swiss cheese. My plan failed ... it had holes in it.
- ☺ May the joy of simple things color the canvas of your soul.
- ☺ Some days I've got it all together. Other days I spend ten minutes looking for my phone while talking on my phone.
- ☺ I love being over 50. I learn something new every day. Of course, I forget 5 others!
- ☺ I cannot help but wonder if most of our problems can be traced back to all the Aqua Net we inhaled back in the 80's?
- ☺ A new teacher was trying to make use of her psychology courses. She started her class by saying, "Everyone who thinks they are stupid, stand up". After a few minutes, little Larry stood up. The teacher looked down at him and said, "Do you think you are stupid Larry"? "No ma'am, but it hated to see you standing there all by yourself"!

☺ Two elderly women were out driving in a large car, both could barely see over the dashboard. As they were cruising along, they came to an intersection. The stoplight was red but they went on through. The woman in the passenger seat thought to herself, "I must be losing it. I could have sworn we just went through a red light!" A few minutes later the same thing happened again. This time, the passenger was almost certain that the light had been red but was also concerned that she may have just been seeing things. She was getting a little nervous and decided to pay very close attention. Sure enough, the next light was red but they went right through the intersection. She turned to the other woman and said, "Mildred! Did you know we just went through three red lights in a row? You could have killed us!" Mildred turned to her and said, "Oh my gosh! Am I driving?"

☺ After he retired, his wife insisted that he accompany her on her grocery and shopping trips to Fred Meyer. Unfortunately, like most men he found shopping boring and just wanted to get in and out, and like most women she loved to browse. Yesterday the dear wife received the following letter:

Over the past several months, your husband has caused quite a commotion in our store. We cannot tolerate such behavior and have been forced to ban both of you from the store. Our complaints against your husband are listed below and are documented by our video surveillance cameras:

- June 15: He took 24 boxes of condoms and randomly put them in other people's carts when they were not looking.
- July 2: Set all the alarm clocks in the Home Goods area to go off at 5-minute intervals.
- July 19: Walked up to an employee and told her in an official voice, "Code 3 in Housewares. Get on it right away." This caused the employee to leave her assigned station and receive a reprimand from her supervisor, that in turn resulted with a Union grievance, causing management to lose time and costing the company money. We do not even have a Code 3.
- August 4: Went to the Service Desk and tried to put a bag of M&M's on layaway.
- August 14: Moved a 'CAUTION – WET FLOOR' sign to a carpeted area.
- August 15: Set up a tent in the camping department and told the children shoppers he would invite them in if they would bring

pillows and blankets from the Bedding Department. Twenty children obliged.

- August 23: When a clerk asked if they could help him, he began crying and screamed, "Why can't you people just leave me alone?" EMT's were called.
- September 10: While handling guns in the hunting department, he asked the clerk where the antidepressants were located.
- October 3: Darted around the store suspiciously while loudly humming the 'Mission Impossible' theme.
- October 6: In the auto department he practiced his 'Madonna look' using different sizes of funnels.
- October 18: Hid in a clothing rack and when people browsed through yelled "Pick Me! Pick Me!"
- October 22: When an announcement came over the loudspeaker, he assumed a fetal position and screamed, "Oh no! It's those voices again!"
- Later that same day: took a box of condoms to a salesclerk and asked where the fitting room was.
- October 23: Went into a fitting room, shut the door, waited a few minutes then yelled very loudly, "Hey! There's no toilet paper in here." One of the clerks passed out.

Until next month!

### WASHINGTON

**EMERALD CITY SLICKERS**  
Seattle, WA  
Ken Storey  
(206) 244-9026

Hi everyone, just a quick note to let you know that the Emerald City Slickers is alive and well. Judy and I spent the month of March in Chandler, Arizona; we had a good time but are glad to be back home in the Pacific Northwest. Our summer picnic is still scheduled for July 9, at noon at **Kathi Skarbo**'s home in Burien; more details will be forthcoming. Our April Mechanic meeting only had 8 members in attendance; we hope to see more at the May meeting.

From my memory of my time in Seattle: In the old days, the swing shift A&P crew would go to Sperry for drinks after work. One time when we were there, a guy walked in with jumper cable around his neck, we told him that he can come in but don't start anything.

We are looking forward to this year's Reunion in San Diego this year. Hope to see you there.

### WASHINGTON, D.C.

**THE DULLES LOUNGERS**  
Washington, D.C.  
Mari McColl  
Past President  
[marimccoll@aol.com](mailto:marimccoll@aol.com)

On April 10, the Dulles Loungers got together at the Golden Corral in Manassas, Virginia for the monthly luncheon and meeting. Nothing unusual about this since we always meet at 11:30 on the 2<sup>nd</sup> Wednesday of every month at the Golden Corral in Manassas. The interesting part of this is that it never gets old. Each month, we look forward to our gathering and catching up on everything that has transpired over the past few weeks. It's like a family getting together for Sunday dinner.

Carl always opens the meeting with some fun facts about what to celebrate on each day of the month. April 10<sup>th</sup> was "celebrate working from home day." Our group celebrated that we are in the stage of our lives that we work and play most of our days from home; as **Kerrie Schneider** says that when she wakes up early and looks out the window and it is raining or snowing, she jumps back into bed and shouts "Retirement Apprecia-

tion Day.” Carl also arranged to have a guest speaker this meeting. Larry Dupree, author of “Diabetes Principles: Ten Life Saving Principles for Diabetes Self Care.” Mr. Dupree is in fact a diabetic who has devoted his life to managing his own diabetes and educating others on how to live with their disease in a safe and healthy manner. It was a very informative session and when he was finished, he opened the floor for those who had questions. Needless to say; there were many questions and he had most of the answers. If you or a loved one has diabetes, you would be wise to read this book.

Our 50/50 drawing was won by **Awn**. She won \$39 and generously gave back \$10 to the chapter.

**Kerrie Schneider** missed this luncheon because she was having her 2<sup>nd</sup> cataract surgery. She came through it like champ and is so happy to have it in her rear view mirror. As luck would have it though, (or the lack thereof) several days later, she found herself driving **Dutch**, her husband, to the hospital for a raging infection on his back and his legs. The last news I received was that the doctors had the results of blood and culture tests. After 7 vials of the prescribed antibiotics (with 3 more due that night), he would be released from the hospital today if the results were positive. Kerrie tells me that Dutch was in excruciating pain but had an extreme competent team of professional caretakers.

Captain **E. K. Williams** (DCAFO) has notified us that **Susie Robertson** had informed him of the death of our beloved Captain **Bud Reed**. Bud was a longtime member of RUPA and was the web designer for many years for the Dulles Loungers. He was a kind and gentle soul and will be missed by so many.

After the luncheon, Carl, (President) Judy (treasurer) and I (nosy bystander) went to take a look at Logan’s Roadhouse in Manassas to check out the venue for our annual end-of-the-year party in June. Kerrie had found and suggested that we retain Logan’s for this event. Oh, Kerrie (and Dutch) it is perfect. Attached is a picture of Carl and Judy in front of the fireplace in the party room of this restaurant.

### CLIPPED WINGS

Clipped Wings Vice President

The history of UAL is interesting and something I believe most of the employees (retired or current) enjoy learning and reminiscing about. Recently, I read the *History Of United Airlines* on Wikipedia and it refreshed my aging memory! We began as Boeing, followed by Pratt & Whitney, United Aircraft & Transport Corp., Stout Air Services, Varney Airlines, National Air Transport and finally United Airlines. The merger with Capital was in 1961 and with Continental in 2010.

Here is a little history about one of our employee groups ... flight attendants! Clipped Wings® members are former, current and retired flight attendants and on May 15, we will celebrate a very important date in our profession’s history! This year marks the 94<sup>th</sup> anniversary of our careers’ inception.

In 1930, Ellen Church became the first airline stewardess with Boeing Air Transport. She wanted to be a pilot, but the airline only hired male pilots so she convinced Steve Simpson, who was the district manager in the San Francisco office to give her a three-month trial. He told her to hire seven other nurses to work on the planes. Voila! Our career blossomed. By 1933, three American airlines, United Airlines, Eastern Air Transport and American Airways employed 100 “hostesses” on their planes. It is common knowledge that one had to be a registered nurse, retire at the age of 32, remain single and adhere to very strict weight and appearance standards. Our occupation has evolved into a respected career with an emphasis on safety and professionalism.

We at Clipped Wings enjoy “continuing the connection” we have with our flying partners and encourage new members

to join our 501(c) (3) organization. We have 28 chapters and our National philanthropy is Special Olympic Parent Grants. You can find us at [unitedclippedwingsinc.org](https://unitedclippedwingsinc.org) on our website, Facebook Clipped Wings® Chat Corner and on Instagram our “handle” is [clippedwingsual](https://www.instagram.com/clippedwingsual). ■

### **Judith Ford, 82380 Live Oak Canyon Dr., Indio, CA 92201**

I filled out my renewal check and realized I wanted to add some extra for postage. So I mailed out an extra check marked for postage.

I love the Newsletter and keeping up with everyone. Stay strong and healthy and of course happy.

### **Joyce Hendricks, 2543 Arborwood Dr., Valrico, FL 33598**

My dear friends at United Airlines:

The past year has been much better than the previous five years. Both Kennedy and I are doing well and adjusting to our new lifestyle since his amputation.

We are going to take our first plane ride since 2017, however it is on Southwest. Given Kennedy's condition, standing by out of Tampa is not easy; I could not take a chance. We are flying to Birmingham for a graduation at the University of Alabama. This will be our test run with a walker and support chair.

He is just beginning to walk with his prosthesis and a cane. It is not easy at 87 years old, and I am very proud of him.

My daughter, April, is stationary as a result of her stroke in 2019. My granddaughter, Chayce, takes wonderful care of her mother. April will be 60 years old soon.

I am a great grandmother, my grandson; Randy has a two year old. I have not seen him yet, but I will.

We are both thankful for all that we have. I do keep wishing, however, that Retirees would get a small bonus. What I received when I retired has not changed and it is not enough! It is a good thing I taught school after I retired. Keep smiling.

I am happy to be around for another year (84). I hope to send greetings next year.

### **Willie Kates, 1469 Woodacre Trail, Santa Rosa, CA 95401**

I want to add my appreciation for all involved with putting the Newsletter together.

A special thanks to **Terry Hotchkin** of the Oregon Dewer's for her humor; nothing better than some good jokes to lift the spirit.

### **My contribution for this time:**

I recently read this funny story: I was doing research for an article I was writing about, how kids can learn about insects. Wondering who I might interview, I told my husband, "I need to find an entomologist". He just shook his head and said, "What's wrong now? You are always going to the doctor for one thing or another."

## **Notes**

### **Bernice Yvonne Wright**

My husband died several years ago. I'm living in Longview, WA now with my partner. I just started attending our local RUAEA lunches at PDX!

### **Lynn Boaden**

I am getting older and missing former friends and connections.■

This outstanding tour of San Diego will give each person a chance to see and explore some of San Diego's favorite attractions. First, we will tour Balboa Park by motor coach.

Balboa Park was established in 1915. The park encompasses a vast array of museums and manicured grounds, dating back to the original Panama Exposition, commemorating the opening of the Panama Canal the same year. The event was only to last a few years, and is now over a hundred years old and a registered California landmark, and a key San Diego attraction. We will stop at Seaport Village for an hour, to explore many of the one of a kind shops, and a chance to purchase souvenirs, or a cup of coffee and enjoy the scenery along the harbor. They even have a late 1800's carousel, and a Ben and Jerry's ice cream stand to indulge.

The trip then proceeds to Old Town, established originally as the first Catholic Mission in 1769, later it became the first San Diego settlement, prior to San Diego being established as a California city in 1869. You will have time to explore the San Diego California State Park filled with a variety of shops and some original buildings. There are several places to purchase Mexican food, or a margarita and more.

We will depart Old Town at 2:00 P.M., returning back to the Dana Resort by 2:30 P.M.

"Preserving the Past,  
Inspiring the Future"

*Gander, Newfoundland Runway on 9/11/2001*

The following is an excerpt of a story written by a member of a Delta Flight crew called Nazim: **Delta Flight 15 on 9/11/2001**. The full story is included in the General News Section of this issue. The event is the basis for the Musical "Come From Away".

*The Captain handed the F/A a printed message. It was from Delta's main office in Atlanta and simply read, "All airways over the Continental United States are closed to commercial air traffic. Land ASAP at the nearest airport. Advise your destination." No one said a word about what this could mean. We knew it was a serious situation and we needed to find terra-firma quickly. The Captain determined that the nearest airport was 400 miles behind us in Gander, Newfoundland.*

*He requested approval for a route change from the Canadian traffic controller and approval was granted immediately - no questions asked. We found out later, of course, why there was no hesitation in approving our request. While the Flight Crew prepared the airplane for landing, another message arrived from Atlanta telling us about some terrorist activity in the New York area. A few minutes later word came in about the hijackings.*

*We decided to lie to the passengers while we were still in the air. We told them the plane had a simple instrument problem and that we needed to land at the nearest airport in Gander, Newfoundland, to have it checked out. We promised to give more information after landing in Gander. There was much grumbling among the passengers, but that's nothing new!*

*After we parked on the ramp, the Captain made the following announcement: "Ladies and Gentlemen, you must be wondering if all these airplanes around us have the same instrument problem as we have. The reality is that we are here for another reason." Then he went on to explain the little bit we knew about the situation in the U.S. There were loud gasps and stares of disbelief. The Captain informed passengers that Ground Control in Gander told us to stay put.*

*The Canadian Government was in charge of our situation and no one was allowed to get off the aircraft. No one on the ground was allowed to come near any of the aircraft. Only airport police would come around periodically, look us over and go on to the next airplane.*

*In the next hour or so more planes landed and Gander ended up with 53 airplanes from all over the world, 27 of which were U.S. commercial jets. ■*
