Centenarian - Uel U. Soward (AKA Bud Soward)

I was employed by United Airlines on September 15, 1952 and retired at age 65 on April 29, 1975. While there, I spent many hours in extra duty. I was elected Shop Steward in the Machine Shop by a vote of 69 percent of the ballots cast. I was Shop Steward for one year, presented only 12 grievances and won every one of them. Some went to the third state of consideration. I was elected president of the newly formed Camera Club about 1955.

About the same time, I started serving as Cameraman for Local 1781, IAM and resigned that position years later because I had stopped smoking cigarettes and smoking was allowed at meetings. I was assigned to duty ten years in the Machine Shop.

Approximately in 1957, there was an earthquake which really shook the building. Water and electric lines were broken. I slid under a substantial workbench and watched other employees running by.

In 1962, I bid a position in the Instrument Shop. I received good pay for the many suggestions I made during my years at United. I received a bronze plaque showing that I had been elected Mechanic of the Year, 1972. I spent three years in the Engineering Test Center, and then returned to the Instrument Shop, where I retired.

After retirement, I assisted in the installation of a chapter of the RUAEA Newsletter based at the Central Coast of California. I was the one who furnished the dolphin logo which was very well liked by every one involved, especially **Jo Madden**.

While employed by United, I took my wife on many trips. Included was one trip to Europe, a flight to the Bahamas, to Hawaii, Japan, New Zealand and road trips to Canada, Mexico and 38 of the 48 states. I exposed more than seven thousand transparencies. Each slide has a six digit file number and from the whole, my grandson, Major Fred R. Soward, Retired, has created DVDs which are available to family only. I turned 100 years old on April 29, 2010, and a celebration will be held on Saturday, May 1, 2010. More than five dozen family and friends across the nation plan to be at that celebration.

The Writers' Column – Ed Clay's Story by Gayla Powell Kanaster

"A Jack of all trades, a master of none", jokes **Ed Clay** when I comment on the many different positions he held during his 42 year career with United.

Apparently, United thought he mastered his trades quite well, assigning him various management positions until he completed his career as LAX Station Manager in 1981. My husband I were both based there at different times (LAXSW and LAXFO) and knew of his reputation, Ed was very well liked and respected for his overall knowledge of operations and kindness to others.

Ed graduated from the University of Wyoming with a BA in commerce and business and an R.O.T.C. commission. He entered active duty in 1941 as an infantry lieutenant and was a Lt. Col. at war's end.

He was hired in Cheyenne in 1938 as a steward, which in those days, was more like a ship's steward. After serving in the military, he returned to United as a steward in SLC, then passenger agent in BUR. From there, he went to Chicago's Midway airport as assistant superintendent of stewardess service, chief passenger agent and station service

manager. He then became superintendant of regulations at EXO; staff assistant - contracts and legal agreements, DEN; cargo and ramp service manager, LAX; operations planning, EXO; passenger service manager, HNL; regional vice president of customer service, and later, vice president NW marketing, SEA. His last position was LAX station manager, in 1973.

After “retirement”, Ed worked for the Office of International Students at USC and 10 years at Harbor Travel in Palos Verdes, CA assisting owner **Gary Tossell**, another former UAL employee. He was the manager of Peninsula Racquet Club in Palos Verdes, CA. He served as president of the Los Angeles Airport Rotary Club and upon retirement transferred to Palos Verdes Peninsula Rotary where for many years, he chaired their annual fund raiser, the Concours d’Elegance, a classic automobile show, which raises thousands of dollars for local charities. He was named “Rotarian of the Year” for this work. He also was on the Board of Directors for the Salvation Army’s Crestmont College for Officer Training. In 1990, he received the Army’s highest civilian “Others Award” for outstanding community service. While working in Seattle, he belonged to the Rotary there, where he served on the Board of Directors of the Seattle King County Convention and Visitors Bureau, receiving a community service award.

Ed had a distinguished military career. He was chosen for the first Special Service Force (a precursor to the Green Berets). It was made up of 1000 Canadian and 2000 U.S. army personnel, the only one of its kind. The movie, “The Devil’s Brigade” was based on it. Ed was part of the military force that landed in Italy. After the breakout of the beachhead at Anzio, his unit was the first to reach Rome. Their assignment was to remove all demolitions from the bridges over the Tiber River so that they couldn’t be blown up by enemy forces. They were part of the invasion of Southern France on D-Day and in active action against the Germans until Nov. 1944, when the special force disbanded. The outfit became the 474th infantry regiment and was transferred to Northern France. He finished the war with Patton’s 3rd Army in Germany. His last assignment in Europe was occupation duty in Norway.

He & Virginia raised four children. Virginia was a member of LAX Clipped Wings and they both were active supporters. Ed was instrumental in procuring a much needed fork lift for the Clipped Wings charity, South Bay Vocational Center. The developmentally disabled clients are taught trades working at jobs coordinated and supervised by the center.

Ed, now 93, lives in an assisted living facility and would love to hear from fellow retirees at: The Gardens at Town Square, 933 111th Ave. NE, # 350, Bellevue, WA 98004; (425 453-7786)

A New, Improved SkyNet Is Rolling Out

A new, improved SkyNet intranet is now available for employees/retirees to browse alongside the original SkyNet. New features, tools and sections are added in phases over a four-week period.

View a SkyNet demo to explore the new features at <http://fivefortyone.com/SkyNetDemo/>.

When you open the original SkyNet, a banner in the upper right corner will take you to a page where you can find information about some of new SkyNet’s features and a link to the site.

Once on new SkyNet, you’ll see the result of tremendous effort by hundreds of employees across all departments. This cross-functional team has been working hard not only to create new content, but to take part in some long-overdue spring cleaning, in the process of remodeling or disposing of outdated links and pages.

New SkyNet presently features a new homepage; tabs for Our United, NewsReal, Employee Services and Travel; and links to several “communities,” which are similar to the current department sites today. Some micro-sites, such as Focus on 5, Employee Discounts, OPC Relocation and United Uniform Design, have already been transferred to the new platform.

Over the next few weeks, adding new functions will include communities, tools and features. The current SkyNet will remain available until all the information is ready. All employees/retirees are encouraged to take the following steps between now and the final cutover date in late April:

1. Once your department’s community site is available, visit that site to locate the news, information and work tools you need. Create new bookmarks as necessary.
2. Access the SkyNet Help and Feedback section for tools and tips to get the most out of new SkyNet.

United Implements Travel Listing Improvements as Phase II of Secure Flight Program

As part of the Transportation Security Administration's (TSA) Secure Flight program to enhance the security of domestic and international commercial air travel through improved watch list matching (See Nov. 30, 2009, NewsReal), United added a new passenger information page on WebList in December.

United now has the functional capability through WebList and Apollo to store, edit and delete Secure Flight Passenger Data (SFPD). Effective March 31, 2010, when you list for flights, you have the option to save the SFPD - eliminating the need to re-enter the same information for each Passenger Name Record (PNR) created. You will also have the capability to edit stored information for yourself and your travel eligibles - excluding companions - at this time.

For more information on the Secure Flight program, visit TSA's [Secure Flight Web site](http://www.secureflight.gov) for a detailed program overview, travel tips, and more.

For additional questions, please contact United's Employee Service Center at 1-877-825-3729, Monday through Friday. Representatives are available from 8 a.m. to 5 p.m. Central time or send an email to ESC@united.com.

United Airlines Launches Mobile Check-in Capabilities, Mobile Boarding Pass

Just in time for the start of the busy spring break travel season, United Airlines (Nasdaq: UAU) has introduced mobile check-in and mobile boarding passes, enabling customers on the go to check in using a mobile phone or Web-enabled mobile device and proceed through security and boarding without needing to present a paper boarding pass.

Customers flying on any United or United Express-operated flight within the United States, Puerto Rico and the U.S. Virgin Islands may check in at the new mobile.united.com beginning 24 hours before departure. Mobile check-in is especially helpful to customers in hotels or in business meetings who want to check in before arriving at the airport.

United's additional mobile boarding pass feature is available to customers departing from the airline's five hubs – Chicago O'Hare International Airport, Denver International Airport, Los Angeles International Airport, San Francisco International Airport, and Washington Dulles International Airport – and from airports in Dallas-Fort Worth, Las Vegas, New York LaGuardia, Orlando, Philadelphia, Phoenix, Portland, Ore., and Seattle. United plans to introduce mobile boarding passes at additional airports, including in Atlanta, Baltimore, Minneapolis-St. Paul, Salt Lake City and Orange County-Santa Ana, in the coming weeks.

After checking in at mobile.united.com, customers can receive an email link to access a mobile boarding pass that includes a two-dimensional barcode. The barcode can be scanned at airport security checkpoints and at the gate during boarding. A refresh of the mobile boarding pass will reflect any changes to seat assignments, gate changes and upgrade confirmations.

“Mobile check-in and paperless boarding give our customers more choice and control over their travel experience,” said Cindy Szadokierski, vice president of airport operations planning and United Express. *“These options enable travelers to have greater flexibility and efficiency in their travel day, particularly as we enter the busy spring break travel season, where thousands of additional customers will pass through airports every day.”*

Tilton Meets With President, Chicago Business Leaders at White House Luncheon

At the invitation of the White House, CEO Glenn Tilton was asked to join President Obama, his senior advisers and other key business leaders for lunch recently. Glenn Tilton joined McDonald’s CEO Jim Skinner, Motorola CEO Greg Brown and TransUnion CEO Penny Pritzker. The meeting was part of the White House’s ongoing effort to reach out to the business community on economic issues. Topics covered included economic recovery, business performance, employment, education, healthcare, energy and infrastructure.

“We very much appreciate the opportunity to discuss these issues so important to our company and our country with the president, his senior advisers and our Chicago business colleagues,” Glenn Tilton said.

March 2010 Traffic and Revenue Update

United reported in its monthly traffic update a 3.2 percent increase in consolidated revenue passenger miles (RPM) for the month of March over the prior year despite a 2.7 percent decrease in available seat miles (ASM) for the same period. This resulted in an 83.5 percent consolidated load factor, which is 4.8 points higher than in March 2009.

In March, passenger revenue per available seat mile increased an estimated 21.5 percent to 23.5 percent over March 2009 and estimated 3.2 percent to 5.2 percent over March 2008.

“Our revenue improvements reflect both the improving economy and the work we have done to reduce capacity, better matching supply and demand, which allows us to more effectively manage our seat inventory,” says John Tague, President, United Airlines. *“Our monthly revenue results have continued their positive trend compared to the same periods in both 2009 and 2008 that we have seen in the first three months of the year. More importantly, despite the challenges of the first quarter, we have continued our focus on cost control and were the only major network carrier to maintain our cost guidance.”*

United reported to the U.S. Department of Transportation an on-time arrival rate of 83.8 percent in March.

“Our strong on-time performance reflects our collective work to get our customers to their destinations safely and on time,” says John. *“We expect March will mark the fifth consecutive month that we will be No. 1 among the five major network carriers.”*

United’s average mainline fuel price for March 2010 is estimated to be 2.21 dollars per gallon, which includes gains or losses on settled fuel hedges and excludes non-cash, mark-to-market fuel hedge gains and losses.

Employee Volunteers Share Their Experiences From This Year’s Holden Hugyou Deliveries

When delivering a Holden Hugyou teddy bear to the mother of an infant battling cancer, Chicago O’Hare Ramp Service Employee Kathy Dvorak understood just what sort of impact the seemingly small gesture had on that mother.

“I had to wear a gown and mask to enter the room,” she says. *“After I spoke with the mother for a while, she told me she was very tired and was only able to get a couple hours of sleep a night. As I went to leave, the mother asked*

if I could remove my mask - she said she wanted to see what an angel looks like. I will carry this memory with me forever."

In February and March, United's employees delivered Holden Hugyou teddy bears to young cancer patients in hospitals in all five of its hub cities. In this 3rd year of delivery – in partnership with the American Cancer Society (ACS), United delivered more than 7,500 teddy bears, raised more than 100,000 dollars for cancer research, and gathers 27 million Mileage Plus miles to fly families in need to treatment centers across the country.

As one of the winners of this year's bear naming contest, Brazil Customer Service Representative Renata Nogueira was thrilled to know that she would finally have an opportunity to take part in the bear deliveries. *"I've read the stories about the past deliveries, but never thought I'd be able to participate – as I am based in Brazil – but when I saw "Holden" was the winning name, I knew I'd finally have my opportunity"*. Reflecting on her experience delivering bears in Washington, D.C., she says that while it was not easy to see the young patients fighting for their lives while trying to stay brave, to see the smiles on their faces when then received the teddy bears mad her journey worth it. *"The whole experience makes you change your perspective and pay attention to what is really important in life"*, she says. Dulles-based First Officer Julie Callens came away from her bear delivery experience with a similar sentiment. *"Talk about putting things in perspective"*, she says. *"We all get so wrapped up in our own lives and our own troubles, that we often forget how truly fortunate we are"*. For Los Angeles-based pilot Tony Lee, whose own daughter endured a life-threatening disease as a child, his experience volunteering for the bear deliveries was one that had a very personal impact. *"When my own daughter would ask me "Why is this happening to me, Dad?". I was supposed to have the answer, like I did for everything else in life ... but I didn't"*, he shares. He says the reason he volunteered was simple – that he wanted to bring some peace to families suffering that same kind of anxiety he and his family suffered so many years ago. First time volunteer and San Francisco-based Flight Attendant, Masumi Hargis, concludes, *"The kids were surprised when we came into their rooms with bears instead of needles, and with smiles instead of doctor's orders. We received smiles of joy instead of frowns of sorrow. Ultimately, we received much more than we gave – and in the end, we wondered just who was helping whom that day."*

For more from United's employee volunteers as well as photos from this year's deliveries, visit the Holden Hugyou site on SkyNet.

A wonderful time was had by all who attended the All Arizona luncheon at the Holiday Inn in Casa Grande on March 18th. The 165 people who attended the affair were treated to a great buffet luncheon and some entertainment that was completely unexpected. The theme of the day was Hawaiian and most of the attendees wore appropriate outfits. The speaker of the day was Dave Mooney, CEO of the Alliant Credit Union. Mr. Mooney and his team provided every one with handouts and answered many questions from the members.

The entertainment started with the playing of Blue Hawaii and was soon followed by the entrance of the dancers. This is where it became hilarious. The dancers clad in grass skirts and other appropriate attire filed through the dinning room to the stage area where they completed their performance. I'd be remiss if I didn't mention the names of the dancers so here they are: **Jim Zarek, Ron Paluch, Bob Irwin, Tony Ribeiro and Skip Ward**. They did a terrific job.

A big thank you goes out to the Re-United chapter that arranged this fine event. Their president **Jim Brigante, Jim & Rita Zarek** and **Shirley Claggett** deserve a lot of credit. About thirty baskets of assorted goods and some art work were raffled off. Shirley conducted the raffle and was assisted by other Re-United members whose names unfortunately I did not obtain.

The nice thing about this annual All Arizona luncheon is the chance to meet and talk to former co-workers that you have not seen in a while.

May is not that far away now and the national convention should be on everyone's mind. If you are going, be sure to register for the event by the cut off date of May 1st and if you will be staying at the Rosen Centre Hotel, the cut off date for that registration is April 23rd. It should be great fun. See you all there!

Our Roadrunners will meet at the Amber Restaurant European and Polish Cuisine at 11:00 am on the 15th of April. The address is 7000 E. Tanque Verde road. Let **Pat & Rich Dillalo** know of your attendance by the 12th.

There will be no local meeting in May due to the national convention.

This has been a rather slow news month for the Central Coasters. After the heavy rains we have had this past month, which we badly needed, our members should have been high and dry. **John Stilwell** told me that he has spent some time in L.A. with his daughter and grandsons helping them move into a new home. John & Barbara have been in their home for 8 years in Pismo Beach. John, **Bob & Marcia Stanger** and I knew each other from the SFO maintenance base days when it was a great place to work. John also said that he went to Fremont, CA to attend a FAA seminar. While there, he saw many old friends and co-workers. John does keep in touch with those still in the Bay Area and at the maintenance base. He shares with us any news he gets at each of our meetings and it's interesting to hear what is happening at the Base.

As I mentioned last month, **Joan & Peter Schaefer** were on their way down to L.A. Joan had been selected to appear on the Wheel of Fortune. They stayed in Culver City at a hotel that was built in 1924 and is

considered to be on the historical landmark list. It is famous because the actors who made the Wizard of Oz, including the Munchkins, all stayed there. It is in a very nice area with shops and restaurants that the Schaeferes also enjoyed. Joan had to be at the studio at 7:30 AM on the day of filming. They tape 6 shows starting at noon and guests are allowed in at 11:00 AM. After each show, it takes about 45 minutes to change the wheel and settings. Pat Sajak and Vanna White leave the sets during that time, but are back about 10 minutes later. The studio is rather small and has only about 10 or so rows. Peter was lucky enough to sit about 10 feet from where Vanna was standing. What a lucky guy! Joan appeared in the last show and they didn't leave until 5:00 PM. This was a long day for them, but a great experience. At our next meeting, we will get all the particulars from them. Joan will be appearing on the show on June 8th, so mark our calendars.

Those of you who remember **Uel Soward**, a previous member of the Central Coasters, will be celebrating his 100 year young birthday. **Bob & Pat Wagner** were planning on attending his celebration, but suddenly they have grandkids graduating and also weddings to attend, all around the same time. I know Uel's family will be planning a great celebration for him. It's always good to keep in touch with each other. I just read in the April issue of the Newsletter, that **Mac Heywood**, a member of the Oregon Dew-er's, reached his 101st birthday. I know that Uel has had an interesting life with stories he loves sharing with us. Congratulations to both of these youngsters.

President and host of the Brazen Raisins' March 2010 meeting **Dick Hayes** opened the meeting using his Irish voice in honor of St. Patrick's Day. We were honored with a visit by new member **Susan Long**.

Dick Shryock reported that he had received a phone call from a friend in Atlanta announcing that **Bud Garcia** has passed away in December 2009; none of the Brazen Raisins knew about it.

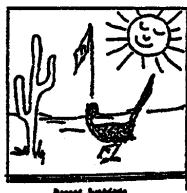

Elida Rivas reported that United had cut its Delta Dental Insurance.

Dick Hayes said that a bilateral agreement between Japan and United has been consummated.

Some concerns were expressed about the possibility that **Mauricio & Carmensol Rehbein**, who are from Chile, may have relative and/or friends in Chile who might have been affected by the earthquake there.

No jokes, bummer.

Thirty two Desert Sunbirds enjoyed our March Luncheon at the Tilted Kilt in Palm Desert, apropos as it was just a week before St. Patrick's Day. Our host, **Maureen O'Schultz**, won the 50-50 drawing, and our President, **Elaine Aggson**, was the birthday winner - free lunch!

Great to see **Tom & Karen Tischler**, who live in St. George, Utah, but keep their membership current with the Sunbirds.

The **Foleys** had to cancel at the last minute, as **Marilyn** had to make another hospital visit. We have not heard from them, so we hope no news is good news.

Other sad news, **Edna Fanucchi** called to tell us that her husband, **Fred**, passed away on March 19th of an apparent heart attack. Our thoughts and prayers are with you, Edna.

This is my first attempt as correspondent for the Desert Sunbirds, so forgive me if the information is a little scarce. I'll do better next time. I'll leave you with this quote from British romance author Jilly Cooper; "*The male is a domestic animal which, if treated with firmness, can be trained to do most things.*"

President **Ken Norton** opened the Sacramento Gold Diggers March 31st meeting at the Sizzler in Auburn with 32 members in attendance. The luncheon was hosted by **Orville & Carolyn Harshbarger**. The weather, rain, hail, and even snow as low as Colfax, was thought to keep attendance low. Since no one came forward to host the April meeting, president **Ken Norton** will host the April meeting at Houston's Surf and Turf in Penryn.

There are several anniversaries in March. Among them are: **Art & Pat Rugh** - 61 years, **Marv & Jean Becker** - 52 years.

Treasurer **Judie King** reported the account balance.

Angie Dellinger, our sunshine person, reported sending a card to **Dick Sandstedt**, who is a patient at Kaiser Hospital. Our best wishes to him.

Ron Bertacini reminded everyone to vote. There is still time. The convention is May 23 and there are still hotel rooms available. Skynet has a new format. It is easy to get to for listing. If you have a Chase Mileage plus card for employees and provide all the information, file # etc, you must apply within 60 days of a new or renewal card for a rebate.

The raffle was conducted by **Ken & Stephanie Norton**.

On March 11, a beautiful day in Sonoma County, 56 people gathered at the Le Gare Restaurant for lunch. It is one of our favorite places.

President **Joanne Huhn** called our meeting to order and thanked hosts **Grover & Jan Blackburn** and **Charlie & Bernice Anderson**. They were assisted by **Ron Huhn** and **Nick Van Kruining**.

Vice President **Maddy McKinnis** introduced our guests: **Vince & Rose Dellosso**, guests of **Grover & Janice Blackburn**; **Ed & Margaret Nelson**, guests of **Les Carey**; **Fred McCauley**, guest of **Lou & Sheila Legnitto**; **Lou Gerhardt**, guest of **Elsie Kuhl**; **Clem Shanahan**, guest of **Barney & Clare Hagen**; **Nely & Cor Kemp**, guests of **Nick & Maria Van Kruining** and **Prudy Wilcox** guest of **Ted Bell**.

Treasurer **Judy DeFord** informed us that our General Account and Charity Fund is looking good. One item to last month's minutes would be changed to reflect **Ernie Stukey** assisting with our February luncheon.

Sunshine Lady **Verda Burr** announced the March birthdays: **Patrick Cadden, Richard Southon, Edie Olson, Brandon Maus, Barney Hagen** and **Donna Stukey**. The Birthday lunch went to **Donna Stukey**. Happy Birthday to all!

Roger Casterline, RUAEA Regional Director, attended the Board of Directors meeting in Orlando. Roger says the Rosen Centre Hotel in Orlando is a great place to hold the convention. The menu and facilities are wonderful. It looks like there will be a good turnout from our chapter. Roger also advised us to vote in the upcoming election.

Ted Bell informed us of the passing of **Howard Dickinson**. Howard was a long time member of the Redwood Empire Retirees. He was a lead mechanic at SFOEA. He will be missed.

Our autobiography of the month is **Pat Leahy**. Pat graduated from the University of Minnesota in June 1950. Pat wanted to travel, so she went to WYO, MSP, NYC and TUC, staying just a few months on each job. She finally landed in SFO. In January 1952, Pat saw ads for the Telephone Company and United Airlines. Thinking the Telephone Company sounded boring, she opted for United. The interview went great, until the personnel person said he was hesitant to hire Pat. He said he didn't want to train her and then have her leave. She promised she would stay at least one year. She did, 38½ years later, Pat retired.

Pat was in Reservations working rotating days and shifts. As United grew, she advanced to Lead Agent then to Supervisor. She loved her job and felt it was always challenging. Pat retired on August 1, 1990.

WOOOOOOOWEEEEEEEEEE! I thought about getting a head start on writing this month, but the whole West Coast World looks like it's against that idea! What a shaker *THAT* one was - just rollin' and rollin' for the longest time - longer than even the infamous "Northridge" quake (I was in Marina del Rey then). This one was more like a merry-go-round going over rocks. But, how amazing - no damage here - two little pictures tilted a bit, nothing else. Guess I'll pause a bit and check the news reports.

Later: All is calm now with no after shocks here - so where was I? I hope you understand that the reason for some news being a bit late is that it seems I always get info just a few days after the 7th deadline.

Two emails reported on **Linda Muche's** long and not easy recovery from her esophagus cancer. Her schedule - latest PET scan is clean - which marks over 2 years clear. She's half way to the 5 yr. goal, so despite still not being able to eat solid food, is getting to travel a bit, visiting some of the wonderful family, including 8th grandkid, Megan, in CLE.

Dee Wright got the results of all the tests after his lung cancer operation - all lymph nodes are cancer free! Wheee! He's getting along very well, even back at taking his 4 mile walks as much as possible.

Irma Minikel is coming along, improving daily from her knee surgery in Feb. This is surgery on "the other knee", as she had the first one done a couple of years ago - so this ain't easy! Even though this info is several weeks after my receiving it, I'll bet she'd love to get a goofy card or so at 517 E. Emerson Ave., Monterey Park, CA 91755.

Jim Ferrance is now working on plans for the LAXRR reunion, scheduled for 9/25/10. For details, contact him at resrat@aol.com or 10500 National Blvd. #24, L.A., CA 90034.

Although **Selwyn Alexander's** bout with the gout prevented his visiting family in Trinidad, he did make the "hose Draggers gathering in LAS March 7 to 10. I hope this is correct - my phone note scribbles are at times pretty bad (and I can't blame it on the earthquake).

Jo Ann Briggs will be going on a cruise, again. She really loves them.

Another always on the go ReLAXer is **Tarina Murray**. Unfortunately, days away from home aren't quite as interesting as cruises - she seems to be too often headed for a hospital. After a 7 day stay for various very bothersome problems, she is home again and reports all is well. She & Charles are very excited about the birth

in January of their 1st GREAT grandson whose name is Te'Rai (say it, Taray). The new baby is helping a bit to offset the sadness of the passings of Charles' mother and a short time later, his brother-in-law, Kevin. Kevin was a Nevada, Clark County District Court Hearing Member, and died suddenly at the young age of only 52. Charles will be with his sister in LAS for a bit. T. emailed on 3/21 to say that she and granddaughter planned to be out of town - spring break week. Hope all goes well with them from now on.

Traveling hasn't been so bad, despite the fears and rumors that F travel is a thing of the past for retirees. I've had many reports of folks still accommodated in the front end. And, the new employee parking for LAX is going OK I've heard. Since one of the perks for long volunteer hours at the LAX USO is that I have a break on parking at the terminal area, so I have to go check out the new lot and its shuttle service one of these days. Anyway, it's still a good deal, but do try to plan ahead - I couldn't get a tag in time to mail to Selwyn for his trip last month and she ended up paying over \$100 to park.

DUES STILL DUE - Did you know there are a bunch of members who forgot to send in the measly \$5 dues for 2010? Secretary Donna will be sending (or already has sent) reminders to you-all. So, check your check book to make sure you sent the \$5 in December. If you're just now paying, remember to mail the check to Treas. **Jo Ann Briggs**, 21303 Legend Ave., Carson, CA 90745. She'll cash it as soon as she gets back from the next cruise.

Calendar:

All luncheons are now at Proud Bird Restaurant - 111th and Aviation at LAX.

May 23 -30 - Convention. See ya in Orlando!

June 10 - Luncheon at the Proud Bird (was originally scheduled for June 3). This is to accommodate those going on post convention cruise. SO MARK IT DOWN. Flyers will be sent.

August 5 - Famous steak fry at El Segundo Park (far as we know right now.

October 7 - Meeting and luncheon at the Proud Bird.

Our chapter seems to have survived most of our crazy SF Bay Area weather, reminding one of the deep thoughts expressed by philosopher, **Marco Morrow**: *"It is a glorious privilege to live, to know, to act, to listen, to behold, to love. To look up at the blue summer sky; to see the sun sink slowly beyond the line of the horizon; to watch the worlds come twinkling into view, first one by one, and the myriads that no man can count, and lo! The universe is white with them; and you and I are here."*

Within our present membership of 370 brave souls, another gentleman reached his personal centennial in April: **Elmer Errichson**! If you'd like to send your greetings, write him at the St. Carlos Elms, 707 Elm Street, San Carlos, CA 94070.

Our peppy Local Tour Coordinator **Jo Milligan** has 2 great sounding trips planned: And away we go: (1) **"A Day In The Wine Country"** on Wednesday, **May 12**. This is a private tour with wine tasting at Castello Di Amorosa in Napa with lunch at the Silverado Brewing Company; (2) **"Private Boat Tour of the Navy Reserve Mothball Fleet"** on Wednesday, **June 23**, lunch at Venticello's Ristorante in Downtown Benicia, with time for shopping. Glenndini the Magician visited us on 3/12/10. He again wowed us with his "new tricks and slight of hand magic". The crowd was delighted and entertained. **Austin, Rosemarie & Bill Reichard's** grandson, visited to help celebrate the return of Glenndini!

Attendance at the Annual Spring Luncheon was boosted by **Zelma Kibler-Rosenthal's** visit to the **Golden Gaters** and our chapter members getting the word out. The entertainment was provided by Bethany Lee and Ryan Lee playing the violin. Bethany is 13 and Ryan is 15 years. Their parents are friends of **Joan Dahl**. The program started with The Star Spangled Banner, continued with Mozart & Bach then finishing with Amazing Grace. You could actually hear a low hum from the audience as we took in their beautiful music while they shared their amazing talent. The Luncheon was hosted by **Joan Dahl** and **Nancy & Dave Walb**. Talented speakers were: **Stan Kolman**, prayer (he has a way of making us feel blessed). President **Dave Saso** proudly introduced the Officers and our newly appointed **George Sousa** as Historian. **Dave Walb** was MC; with **Tony Urso** expertly stepping into his role as Raffle Master. **Anna & Dwayne Howze** attended the Luncheon and we're hoping to see them back at breakfast after a long absence.

Ladies Luncheon Time! We have such great fun and look forward to May 13th 2010; 11:30 A.M. at the home of **Cheri Scales**, this even is co-hosted by **Ella Sousa**. See Calendar below for RSVP!

Our Sunshine Lady "**LaDonna**" will be driving another four years. Happy Birthday and Congratulations! **Zelma Kibler-Rosenthal** did not attend the luncheon due to the number of stitches needed to remove an unfriendly cancerous growth. She did inspire others from the Golden Gaters Chapter where she attends as well as our Chapter.

Bob Bradley made a round trip on Take II of his rehabilitation process. He was back in the Hospital the week of 3/3 with a reoccurring blood infection; released to a new Care Home the week of 3/10 and getting the exercise he needs for a better recovery. His wife **Ruie** was at the Luncheon and won a bottle of wine which she traded for a potted plant. Someone mentioned that Bob might not like that.

Our Guest Speaker for the 3/26/10 breakfast was **Georgia Nielsen** from United Airlines Historical Foundation. The time is passing us by very quickly. Here we are, March 2010, the third month of the year and it is almost over as I write this article. Hard to believe, isn't it? Hope you all had a Happy St. Patrick's Day and enjoyed the corn beef and cabbage. We had enough corn beef to hold us over 'til next year.

Spring has sprung, the daffodils are in bloom all over our county and there is a beautiful field of yellow flowers everywhere for all of us to enjoy. This is a beautiful time of the year with great weather, we appreciate an extra hour of daylight that allows us to get out and enjoy the lovely long days ahead. That means barbeques, friends & family time, and pulling weeds (that part I don't enjoy).

We had a fun time at our March luncheon at Perkos in Riverbank. There were 44 members and guests in attendance. The luncheon was hosted by **Guy & Nancy Hoffman**. Guy surprised us with a red raffle ticket which he gave to all the folks who had a birthday in March. Everyone was very curious as to why only a select few got the red ticket. Well, we all found out when he announced the lucky number who won a free lunch! The lucky winner was **Jack Walls** and he was very surprised. A big thank-you to Guy for the free lunch. Guy and Nancy also held a raffle with many prizes for all to enjoy.

We were very happy to see **Charlene Wood** at the luncheon. She had not been able to attend for several months because she had fallen at home and broken her femur, and then had to have surgery and recovery. Also, **Pat Passarel** joined us after a long absence, she and Charlie were both planning to attend but at the last minute, Charlie was ill so she came by herself. She brought Charlie's lunch and dessert home for him to enjoy.

Lavina Brinsfield is still recovering from her ankle surgery; **Larry Brinsfield** will undergo surgery on his spine and neck to repair the damage from his fall down the stairs at his home. **Burt Kent** is still in Arizona and we understand he is doing much better. **Doug Daniels** was planning to attend the luncheon but he became ill and had to cancel. We are sending get well wishes to each of you and hope to see you soon.

Darrel Silvers thanked everyone for the sympathy cards and phone calls he received after **Jane** passed away. He said a private service was held for Jane but was sorry the announcement never made it into the newspaper because of a glitch at Lakewood Mortuary. He said he and Jane had been married 68 years.

The San Joaquiners meet on the second Thursday of every month in various locations. We would be happy to have anyone join us if you are in our area or visiting in the area. If you have any questions or would like to know the location of the next luncheon, please call our President, **Joan Verbaere**, (916) 682-6148 or me, **Rosie Walls**, (209) 984-5672.

On the first Saturday of April (the 3rd), the Mile Highers gathered at the United Airlines Training Center for our monthly breakfast. There were 72 in attendance which included first timers, **Marcia Reed**, a guest of **Russ Savig**, **Kaffee Fry** and her husband **Robert**. There's an open invitation to come anytime you can!

Keith Kerns and his son J.D brought his dad, **Dale**. **Eileen Summering** brought her dad, **Al Neilson**, **Brent Miller** brought his dad, **Paul** and **Bob Ahr** brought his Mom, **Harriet Ahr**. Thanks for taking the time to bring your parents. It was good to see **Bob Roebuch**, **Del Frey** and **Vee & Walt Hansen** back.

Tom Goodyear reported on the passing of **Dick Penner** and **Barbara Bartlett**.

The end of March was very challenging for the Mile High Chapter. The chapter had planned a spring luncheon for March 24th under the fine direction of **Elaine Fluegel** and **Oma Green**. Their theme was Easter, with plastic eggs filled with candy and many good door prizes. Unfortunately, we had to cancel the luncheon due to a 12 inch snow storm. To all the retirees who prepaid for the luncheon, please contact **Harriet Ahr** (303-477-2918) to either have your money returned or you may designate it for the Summer Picnic. Details for the picnic will follow.

During our Saturday Breakfast last month, you probably noticed a lot of Boy Scouts in the Training Center. Well, here's what it was all about. The scouts, all 110 of them, were pursuing their Aviation Merit Badge. They were chaperoned by 28 adult Scout Leaders, 7 UAL Flight Simulator Instructors and 4 retired UAL employees: **Laura Coats**, **Marvin Berryman**, **Tom & Nancy Goodyear**. Tom conducted the Boy Scouts on tours of the Historical Museum displays. **Laura Coats** was dressed in UAL blue Mechanic coveralls; **Nancy Goodyear** was dressed in a 1970's In Flight uniform and Marvin wore a blue Instructor's shop coat. Each Boy Scout was given 10-15 minutes of simulator time and was instructed how to take off, fly and land by a qualified Instructor.

Side note: As I put this report together, I want to mention that on Monday night, April 5, Nancy & I were watching Antiques Road Show, from Denver. Guess who appeared on the show? None other than Mile Higher **Thom Rowland**. Thom is a retired UAL A&P Mechanic, a member of RUAEA and of UAHF. Thom displayed a very old table desk. Congratulations Thom. Good show!

We welcomed **Michelle McIntyre**, **Suzan Goodson**'s sister, and said goodbye to **Paul Ferguson & Judy Stanley** as they return to the snow. Paul & Judy had visited with us the last two months.

Joann Bauman would have won the \$25.00 attendance drawing, but since she was not present, the kitty increases to \$30.00 for this month. Remember though, you have to be present to win.

Betty Bishop could have collected the "\$10 Free Meal" but she had an appointment and was unable to attend.

The weather is warming in Florida; it's averaging around 80° and getting ready for summer when the norm is in the upper 90°. WHEW! Hope everyone had a Happy Easter and Passover.

Hold on to your hats ladies and gentlemen, we had a great group of 16 members attending out April meeting and that included two new members **Sharon & Tom Kolibab** (or is it Bill)? All joking aside, Tom is his name and what a nice guy, especially after he took all the joking about the mistake in his name. It seems that a good friend of theirs in New Jersey read our newsletter item and called Sharon and wanted to know "*What happened to your wonderful husband Tom*"? Well, unfortunately, I guess my mind had a missed moment of memory and typed in the wrong name, sorry guys; and Tom, you certainly are as I said, a great sport about the whole thing. We are very happy to have you both join our chapter, and Sharon called me the next day to say that they really enjoyed the Luncheon/Meeting and were glad they joined and able to attend.

Unfortunately, we won't see them again until October when they return to Florida from New Jersey. They are going back to New Jersey on April 12, and as Tom said "*To meet Uncle Sam*", you know that guy that gets all our money in income tax! Since **Diane Brodis** was ill and not able to attend our meeting, she didn't get a chance to say goodbye personally but I am sure she will give them a call.

I, personally, wanted to show Sharon some of the highlights of our area and made it a point to have Lunch with her at a place called "Lady Ann's Victorian Tea Room" located in Stuart. Well, she couldn't help taking pictures and trying desperately to see all the knick knacks, decorative lighting, chandeliers with flowers, plates, etc., and you name it on every space of wall or ceiling; and the food and service is spectacular! She enjoyed it so much, that when two sets of friends arrived the following day and week, she took them there also. She hopes Diane will be able to join us in October, and she may even take Tom, if time allows this week.

Barbara Dodenhoff had her niece Ann and family visiting her here in Florida during the Easter Holiday.

Well, back to our meeting with President **Al Popek**, our Casino trip was moved up to Friday, April 23 to accommodate more members who wanted to attend. We also worked out the car pooling and meeting time of 11AM at the main entrance. We shall report our trip in the May newsletter!

Al also reviewed the BP3 pass that was mentioned in the April Newsletter, **Bob Brumfield** wrote an excellent article on Travel Trips. Interestingly enough, we mentioned the BP3 passes in our April newsletter item as well.

The 50/50 was won by **Barbara Dodenhoff** and the progressive went to **Catherine Coate**. Way to go!

Bill Nehls is off to London but we will see him in May, **Barbara Dodenhoff**, **Diane & Paul Liebisch** and **Janice & Al Popek** are leaving for Germany to see the "Passion Play", so we will report their trip at our next meeting. Stay tuned!

Celina & Constantinos Xifaras joined us and Celina looks as lovely as ever, she is feeling somewhat better and hopes to be able to join our Casino trip. We wish her well, keep improving, Celina.

Get well quickly Diane, we miss you and Ron.

We also wondered what has happened to **Luster Smith** and **Wallace & Elizabeth Armstrong** since we haven't heard anything from them in a long time, give a jingle or note, PLEASE.

If you are in town, join us. You will have a memorable visit plus the food and service are excellent.

Happy Birthday to our April gang: **Paul Liebisch** - April 25, **Barbara Dodenhoff** - April 28 and **Elizabeth Armstrong** - April 28. Happy Anniversary on their Greek Wedding on April 25 to **Celina** and **Constantinos Xifaras**.

Stay well and live life!

On the lighter side:

- ☺ Why is it that our children can't read the Bible in School but they are plentiful in prison?
- ☺ Why do you have to swear on a Bible in court but the Ten Commandments cannot be displayed outside?
- ☺ Bumper sticker of the year "If you can read this, thank a teacher - and since it is in English, thank a soldier".
- ☺ Wouldn't you know it? Brain cells come and brain cells go, but FAT cells live forever.
- ☺ How come we choose from just two people to run for President and over 50 for Miss Universe?
- ☺ I signed up for an exercise class and was told to wear loose fitting clothing. If I HAD any loose fitting clothing, I wouldn't have signed up in the first place!
- ☺ Wouldn't it be nice if whenever we messed up our life we could simply press "ctrl-alt-delete" and start all over?
- ☺ And remember - Life is like a roll of toilet tissue, the closer it gets to the end, the faster it goes. You just might want to pass this along.

Thirty Flyers and five guests attended our lunch at the I-hop Restaurant on April 07. Our guests were **Tina Meyers** and **Melissa Lane**, **Lyle & Joanna Meyers'** daughters, **Ezra & Alexandria Thomson**, **Richard** and **Diayne Thompson's** grandson, and granddaughter, and **James Carlson**, **Bill Carlson's** son. It was so good to see Bill Carlson present, who was able to attend because of James.

The day's weather was sunny, warm, and with lots of green pine pollen covering everything, signaling that spring has finally arrived. **Fred Cron**, our historian, had with him time tables, ticket jackets, receipts, boarding passes and various other printed documentation from a multitude of different airlines, some we had never heard of. These samplings covered about the last fifty years of commercial passenger travel and were sent to Fred from a friend who had collected all this over the years. Some of our Flyers found this very interesting, as all time tables and most documents are not printed anymore, but are in computers instead.

Fred also conducted our 50/50 which was won by **Mary Lou Sullivan**. The luck of the Irish is definitely smiling on Mary Lou as this is the second month in a row she has won. Way to go Mary Lou.

Bill Elk held a business meeting and after a brief update on what's going on with United these days, Treasurer **Bruce Brodersen** gave a report on our financial status, and answered members' questions on the upcoming convention in Orlando. **Kim Schmidt** brought and passed out the new pocket versions of The U. S. Constitution for those who wanted them. **Diayne Thompson** passed out a limited number of updated member rosters for 2010. **Ron Heider** reported that he had been notified he won a random drawing for five hundred dollars held by the State of Georgia Members of The American Legion. Quite a nice surprise for a former soldier and legionnaire.

On our Sick Call list is **Ron Gunny**, still recovering from recent surgery, and just recently **Bobbie Foles** who is under doctor's care and is having health issues that is limiting her from being out and about. We'll be keeping both in our thoughts and prayers and hope for a speedy and complete recovery for them.

The UAL Boise Gems held their monthly breakfast meeting on April 5 at JB's Restaurant in Meridian. We had a small turnout and assume it was this messy winter rain and snow that kept some away.

It is with deep sadness that we report the passing of **Ossie (Oscar) Haugen** (retired from SEA CG in Feb. 1988) on the evening of March 28, 2010, from lung cancer. He had just been diagnosed with this disease the week before. The family is planning a family service and a public memorial will be at a later date. Please send your condolences to: **Louise Haugen** and family, 822 Cairn Dr., Nampa, ID 83651. **Dave Adams** came without **Carol**. Carol was not feeling well. Our bus driver Dave said he had driven 4,600 miles to SFO, SEA, LAS, PIH & TWF. It sure is a good thing Dave likes to drive!

John & Carole Bell drove to California to attend a PEZ convention in LAX. On the way there and back, they were able to stay with family and friends. They had a fun time.

Bob & Palmer Sarnoff traveled to LaGuardia to celebrate Bob's aunt's 95th birthday with family and friends. They had two free days in Manhattan - took the "skywalk" in the meat packing district and took the "on and off" Grey Line Bus Tour (definitely not worth it!). They had dinner at Artisoal, an excellent French Bistro type restaurant. Even though they traveled in coach the entire trip, Bob got his window seat and Palmer got her aisle seat, which was exactly what they wanted.

We are sad to report that **Marilyn Holden** who was reported ill last month, is now at rest with her maker. A memorial for her friends is scheduled for April 17th at the Our Savior Methodist church in Schaumburg by her niece Jane Kelly. Marilyn will be remembered by all she befriended in their hour of need of which there were many.

Barbara Wesemann spent two weeks in Northern California assisting her sister after her hip surgery. There were also many heavy winds to cope with.

Al Eberhardt's wife **Charlene** spent eight days in the hospital recovering from a bad reaction from a new drug. She's home now, but recovery is up and down.

Southsiders were happy to see **Carmen Chavez** back after an absence with knee and back problems. Husband **Savie** had surgery on his eyelid. Thankfully, the healing is coming along fine.

Only one anniversary we heard of this April month was **Lidia & Pedro Franco** with the big sixty. May we all be that blessed.

Tina Acoba took a Christmas break to Maui. When we missed grandson Patrick and his high fives, we now have the answer for his absence.

Marge Daily and **Bob Jacobson** went on a Panama cruise stopping on Half Moon Cay, the Bahamas, Aruba, Curaco, Puerto Limon and Costa Rico. Whew!

Virginia Kondraros booked a Caribbean cruise to St. Thomas, St. Kitts, St. Croix and Antigua. Had a problem getting to San Juan and had to buy tickets on UAL. Made the ship with one hour before embarking. But a reward was breakfast with the Captain and his family every morning and a personal tour with the Captain on the bridge.

Ed Majewski traveled to Majorca, Baleric Island visiting a 16th century cathedral. Weather was cool and in the mid 50's for a cave tour of stalagmites and stalactites. A lake at the bottom of the cave was complete with the lady playing classical piano music while being paddled on a large row boat. Now that sounds romantic.

We sent cards to **Helen Collins** and **Elroy Schmitt** and they sent back thanks.

Marlene and **Marv** went to Lake Tahoe for a wedding and reported the weather was great. My thanks to Marlene for being a news runner while **Ginny Vlach** is recuperating.

Bill Brookins and wife **Gwen** celebrated his birthday in March at the Horseshoe Casino in Hammond, IN. His friend treated them to the Gladys Knight concert with front row seats. Now that's a present. In turn, they treated all of us to a basket of Easter candy. If that wasn't sweet enough, **Rudy Maki** supplied chocolate bunnies.

Beautiful weather had twenty one members attending Southside and I understand three forgot their badges. We are not telling who. But it was men only for winning all the raffles. The men were **Bill Adams, Bob Pearson, Ed Ward** and **Rudy Maki**. The women were gracious about it.

My thanks to **Mary Brandt** who filled in for me and getting all the news.

We had our Spring Luncheon at a new establishment called Victoria in the Park. The name is the first clue to the elegance of the room, the gorgeous lighting and the oval tables with beautiful linens set with two knives and three forks. The food matched the tables with the veggies enclosed in a hollowed out zucchini. The salad, potatoes and the dessert were just as elegant. The dessert was to die for, apples in a crust topped with a honeyed caramel and complete with whipped cream and a red, red strawberry. I'm going to vote for a reunion there. It makes me hungry just to write about it.

The Skyliners greatly appreciate the generous contributions from the following, who collectively donated over \$200. to our Postage Fund during Jan., Feb. & March: **Tina Acoba, Marlene Anderson, Chester Aszklar, Caroline Avramovic, Muriel Bergsma, Esther Broderson, Dick Buchman, Robert Bugos, Phyllis Cappuzelo, Frances Cinardi, John Cooper, Dave Dunham, Richard Del Boccio, Pat Ello, Carol Faust, Darlene Felske, Mary Florent, Angie Halama, Cheryl Hefferman, John Horsley, Peter Kapischke, Mary Keenan, William Leverance, Helen Lewin, Frank Mancini, Darlene Marsiglia, Terri Martin, Virginia Monaco, Pat Muha, Ruth Opitz, Norm Pearson, Jerry Pryde, Jim Sommerfield, Barbara Spratt, Marlene**

Our first luncheon of the year was on St. Patrick's Day which was a beautiful sunny warm spring like day with 12 happy retirees attending.

Ginny Vlach was doing very well after her back surgery in January. **Carol Faust** was back to her old self after having broken her hip in Peru last winter.

Ted & Agneta Jung had returned from a trip to Tobago via San Juan, PR and Trinidad. They had no problems with getting flights on UAL or using ZED fares on American Eagle and Caribbean Air.

Our restaurant is located just down the street from UAL Executive Headquarters where we saw UAL pilots picketing. They were protesting the outsourcing of pilots and flight attendants to Aer Lingus with a new D.C. to Madrid, Spain route.

The next luncheon will be on May 19th which is the week before the RUAEA Convention in Orlando and hopefully many will attend for a week of interesting tours, activities and camaraderie.

Calendar:

May 19 – Luncheon at the Renaissance Chicago Hotel @ State & Lake Streets (Great Street Restaurant) – 11:30 a.m.) (Please email or call me before noon of May 18th so that we can let the restaurant know the number of guests to expect.)

May 23 - 30 – RUAEA Convention in Orlando, FL.

The Nor'Easters April meeting will take place after April's publication deadline, so more about that meeting in the next installment.

Our chapter has two new members, **Joe Moise**, BOSFF and **Charlie Enos**, MHTCS. Welcome Joe & Charlie. We look forward to seeing you at meetings.

Tony Berardi is still receiving chemo treatments and says he still has good days and bad days. Tony says "HI" to all. Ditto the last sentence for **Don Simard**, still getting treatment, good days and bad, but taking them one at a time. Don & Joan plan on attending the next luncheon. **John Dellelo** advised he is slowly getting back to normal after that fall two months ago, that caused his hip repair and rehab. Jon & Peg plan on attending the next luncheon also.

Bill Betters, past chapter President and active member fell down a flight of stairs at the end of March. He broke three ribs, shoulder bones and sustained head damage. Bill is at the Mass. General Hospital, but cards can be sent to his home at 171 Atlantic Ave, Marblehead, MA 01945. I'm sure Bill would like to hear from you.

The sad news to report this month is the death of **Joe Connolly**, at 89 years young. I worked with Joe at BOSCS. He had a knack of always looking busy, even when he was standing still. Joe was well known and liked by all. If heaven is Makaha, on the west side of Oahu, Joe is there.

May's birthdays: **Les Brown, John Dellelo, Ron Heisler, Timothy Howells, Audrey Joyce, Joan Meister, Patti Flanagan Mix, Andy Montalto, Jayne Regan, Elizabeth Restiano, Lew Shakley, Don Simard, Kenneth Washburn** and **Albert Zakrzewski**.

May's anniversaries: **Bob & Susan DePippo** - 27 years, **Mary Beth & Staley McDermet** - 39, **Bob & Eileen Seibold** - 64, **Thomas & Liliana Snyder** - 25, **Ralph & Elaine Torres** - 52 and **Bill & Elaine Vanderwal** - 39.

16 Escapees and 2 guests, **Paul & Ginger**, gathered at the Olive Garden in Lavonia, April 1, hosted by **Bill & Camille Wade**. Our guest Ginger is the twin sister of our host Bill. I learned something new, as I never knew that Bill had a twin. We also welcomed for the first time this year, **Marylu Johnson** and **Mike Clynch**. We were glad to hear that Elaine was now home from rehab and Mike says she is getting around the house now mostly without her walker or cane. Continued prayers for Elaine for a complete recovery.

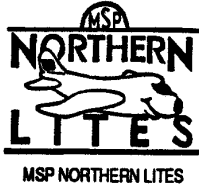

This correspondent is truly disappointed she will miss the convention once again this year, due to a family wedding on May 28. I was really looking forward to going this year, as Disney World is one of my most favorite places. I guess I am still a kid at heart ... and have not been there since the year 2000, when many of our family rode the "Winnie the Pooh Ride" with Tigger, Pooh and Eeyore.

However, Escapees, Marie and sister, Joan, along with **Sharon Jacob, Bonnie Fleming** and **Nellie Brawner** will be hanging out with a very Loonie group in Bayview, MI come mid May. I know from the past, this will help cheer me up.

In March, those attending only numbered 21 because the snowbirds aren't back yet & at least 7 of the "hard core" were off travelling. **Mary & Jim Brennan, Jim Simon, Nel Brawner, Rosemary Soltis & Gene & Cookie Delvaux** were all off doin' sumthin' fun, somewhere else. And good for 'em!

We heard from the **Brennans** that they had to scurry out of the way of a tsunami which hit the Kona coast after the Chilean earthquake. Yikes! Scary.

A couple of milestones ~ **Don & Dorothy Wood** are celebrating their 63rd wedding anniversary and **Wes Briest** had "Happy Burpday" sung to him in honor of his 90th. **Lee Storlie** heard from our pal, **Dick Currie** in PHXOZ, that he celebrated 24 consecutive years of not missing a day of work.

Jim Simon's recent trip to visit the CLE chapter ended on a sour note when a "drill sergeant" (Jim's words) of a TSA agent denied him passage through security at the airport because he didn't have a seat number on his boarding card. He tried to explain that it was a standby document, but she wasn't having any of it & pulled him out of the line. After his insisting on seeing a supervisor to clear it up, he was finally allowed to pass. Don't know if he made the flight in time or not.

Local UAL news ~ The Red Carpet Club is set to reopen April 1st with new carpeting & furnishings (they sold the old stuff when it closed last year). Also, the rumor is that the MSP-SFO non-stop will soon be operated by Express in RJ equipment! Amazing! Where do they think all that heavy baggage connecting to Asia is going to fit? And we used to call the B737 Little Bitty Jets.

We extend our condolences to our members' loss of extended family ~ **Cindy Bjerr** recently lost her mother, and **Wes Briest** lost his brother, Don.

The birthday dice roll was done for **Mary Brennan** even though she was in Kona (the rules state you have to be present to win) & had she been here she'd have had her lunch bought. Instead, **Ethel Johnson** got the free eats!

Well, another year has passed & the time for election of new officers came & went without any changes. What a surprise. I took a look at what I wrote in last year's newsletter for this month and I quote: *"Although it's time for chapter officer elections, the membership has made it abundantly clear that no one has a desire to run for any of the offices. So you can all breathe easier. Just know that we're mentally dumping a load of guilt on ya..."*

It was a wonderful day to get out, the sun was shining, temp was around 38 and for us here in good old Nebraska – we thought we were in heaven. There were 33 who enjoyed being together. Guests were **Chuck & Sharon Cole** from Tucson, AZ. Chuck is our Mountain Regional Director for RUAEA. He talked about the upcoming RUAEA Convention which will be held in Orlando. Convention information was published in the

February 2010 RUAEA Newsletter and also available at www.ruaea.org. We appreciated their visit and hope to see them again.

Paul Steuri fell and injured his right shoulder and right hip and is in Papillion Manor. He is taking rehab and hopes to be back in his home before very long. Paul said he and **Humby** traveled over 2,000,000 miles in their 50 years together. Paul did a lot of skiing and he said people over 70 could ski free, and he did that for 7 years after he retired.

Sandy Bender is being treated for cancer after having a double mastectomy. Her spirits are really good and, because of that, we know she will have a full recovery.

Stella Mason advised that **Helen Kontor** passed away on March 3. Helen worked in the Flight Kitchen for many years. Also had word that **Ruth Copp** passed away shortly after Helen, she also worked in the Flight Kitchen.

RUAEA - the ballot for regional directors is out. We will bring some ballots to the April meeting for those wanting to cast their ballots. **John** is running again for Director - N. California/N. Nevada. Election results will be announced at the May convention.

A preplanning meeting for the picnic in August will be held sometime in April. If you are interested in signing up as an Official Volunteer, please let John know. Who volunteers to be cook – again? **Joe Duncan** – Are you ready?

Travel News (new item) – The **Zobolis** reported that the weather is still warm in other parts of the world. They enjoyed a week at Paradise Village in Nuevo Vallarta.

Inez Compton won the 50/50.

March birthdays were celebrated by **Maurine Williams** and the **Barbie Doll**.

The Gardenstaters gathered for their regular meeting on March 31. Our President **Dick Confer** opened the meeting with a Flag Salute. A moment of silence was held for those that passed, **Walt Hayes** and **Al Napolitano**.

Everyone should be aware of their death benefits and call the Benefits Department to see if you are covered. Telephone number is in the RUAEA Newsletter.

The RUAEA convention is May 23rd to May 30th in Orlando, Florida.

The Clipped Wings are asking for help with donations for Father Al, who has cancer and helps at the Flight 93 memorial in Shanksville, PA. A motion was made to send a donation from the Gardenstaters. There is work going on at this National Monument, everyone should take a ride and visit the memorial area. It is a sight to see and a nice overnighter.

As you know, there no longer is parking at the Hilton for the cheaper rate, Pres. Confer went around the area and found that the Avis Star across the street from the old Flight Kitchen to be \$6.00 a day. You can get a coupon book for \$100. which is good for a year, so if you do a lot of traveling it is worth it. The Port Authority parking lot is \$18.00 per day.

Marty read from the RUAEA Newsletter that United is purchasing 25 Boeing 787s. If you are a member, you get the monthly newsletter, it keeps you up to date with what is going on at United Air Lines. We also have applications here to join RUAEA for those who are not members.

Violet Etler read the minutes from the last meeting, she gave a report on the Hunterdon Hills Play for those that missed the show, it was a great show, we all sang along with the entertainers and it brought lots of good memories back.

John Murphy gave the financial Report. John said he was looking into another show to be held from July 8th to August 25th and reminded everyone that we need 20 people to attend.

Our next meeting will be on April 28th. Hopefully, we will have spring weather by then, we had enough of rain with all the flooding.

BUFFALO CHIPS

On March 10th, 32 Chips met at the Erie Community College North, Erie-Statler Dining room for Oktoberfest. Oktoberfest in March may sound strange but this is the second year we have enjoyed the work of the Culinary Students of ECC-North. A fine meal it was, with Sauerbraten, Pork Schnitzel, German Sausage, a choice of four salads and ended with a rolled Apple Strudel that was to die for.

It was good to see **Kay Galbraith** and **Cheryl Pelkey** back after hip surgery. **Norm Phillips** who recently moved back to the area showed up with a guest and told everyone they planned on getting married in Vegas in April.

The sick list consists of **Flo Peck**, who seems to turn up in the hospital every couple of weeks for a few days then back home. Former Buffalo resident **Andy Bungo** is fighting emphysema among other things at his home in Georgia. It was reported that **Tom Amedick** is at home in Virginia suffering from dementia. Other than a couple of minor items, the rest of the group is in good health.

With the longer days and the weather are more dependable, we will move our meetings to evening dinners for June and September, locations to be announced.

A beautiful spring day brought 15 people to our luncheon in midtown Manhattan. We welcome the wonderful weather that once again brings lovely greenery and flowering trees to Central Park after a very, long, snowy, rainy winter and early spring.

Jeanne Leo has returned from her 2 month sabbatical to Palm Springs, where there is a large contingent of UAL retirees. She and her husband, **Phil**, attended several functions, many of which were charity based. She was impressed with how involved the retired UAL'ers are with charities, such as "Dogs of the Desert" which trains dogs for service work. She also reported that she and Phil had the luxury of traveling FC round trip!

Hiroko Kikuchi and her husband, **Don Wright**, a retired Delta pilot, took a 4200 mile road trip through 12 southern states in just 10 days! No worry about carry on or excess baggage there!

Several attendees related credit card scams, the most interesting by **Donna Feingold**, who purchased a scarf on a trans-Atlantic flight. When she arrived in Greece, that credit card was flagged for being used in-flight and couldn't be used. So, beware if you purchase an item onboard.

Barbara Hill gave a rave review to "Sondheim on Sondheim", now on Broadway. For anyone coming to the Big Apple in the next few months, this is a "must see", as is "A Little Night Music" starring Catherine Zeta-Jones and the incomparable Angela Lansbury.

Guys and Dolls received a warm "thank-you" from *Doctors Without Borders* for our \$100.00 donation for their work in Haiti.

For the 2nd time in a row, the 50/50 winner was **Barbara Hill**, who claims that this is not a "back-room deal" for her taking over the correspondent duties!

Don't forget to RSVP for the June meeting to **Marge Segal** (212) 355-1788 or **Barb Hill** (212) 799-8061.

WOW! What a day for a luncheon. After a couple of weeks of miserable weather on and off; it was a pleasure to see sunshine and yes, even a (heat wave?) Our 47 members said The Pledge of Allegiance, we stood in silent prayer, remembering all of our deceased members. Also remembering other New York area retirees and employees whom all may have known or worked with who have passed from our midst. **Jimmy Richardson**, our President, went over the minutes from the March meeting. As far as the United ZED agreement with Jet Blue, we found out the Jet Blue pass Travel has been temporarily suspended. Also United is to begin first-ever service to Africa, starting June 20, 2010.

Congratulations to our April birthday group: **Madeline Sudlich, Tony Locastro, Dominick Rizzo, Chen Lee, Mary Ann Lilly, John Manza and Rocco Mongelli**. Wishing all a healthy and happy year to come.

Yetta & Milton Sank were married 69 yrs. (4/27/41), congratulations, it's nice to see marriages lasting that long now a days. The **McFaddens** went on a two month trip to Puerto Rico. They had great weather and a very relaxing time on the beach and golfing. Thank you, **Charlie Kaczinski** and **Susan D'Agostino** for being escorts to those who cannot obtain rides to our luncheon.

Winners for the 50-50 were **Nick Manfredo** who was lucky enough to win twice. **Rose Totaro, Paul**

Cohen, Madelilne Klos and the winner of the BIG BUCKS was **John Palmieri**, the one million dollar phony bill.

I hope everyone had an enjoyable Passover and Happy Easter. Summer is just around the corner. We'll all be glad to see the nice weather again.

We extend Happy Easter greetings to all! Our April meeting was held on April 7th at Flair Restaurant on a beautiful sunny spring day. The buffet was fantastic and enjoyed by all. This is our second year there and we filled up their Party Room, but they tell us that they will be enlarging this coming year and we hope to fill up that additional area also. **Dave Placko** led us in saying grace before our meal.

The meeting was called to order by President **Dolly Taucher**. Thank you to **John & Carrie Kercel** for hosting the luncheon this month. Without the great job that our luncheon hosts do before hand, we would not be able to enjoy such a well run afternoon. There were 75 members attending this April meeting and we still have a few members that have not yet paid their dues.

There were April anniversaries celebrated by **Ken & Joanne Buchman** - 49 yrs, **Steve & Lee Rak** - 47 yrs, and **Earl & Arlene Taylor** - 11 yrs. Congratulations! Happy Birthday was sung to **Perry McKnight**, **Vince Malena**, and **Bernie Kazimer** (no ages admitted to!) Good Wishes to all! Also, **Ron Badowski** was able to finally rejoin us. He had been out for surgery and rehab. It was great to see him back.

We have some members who are still home or under care for various health issues. **Harrison Guenther** is back home and doing well, **Cale Neth** in Assisted Living at Brighton Gardens/Westlake, 27819 Center Ridge Rd., Westlake, Ohio 44145, **John Mullen** is still recovering from a serious car accident, **Anne Fiedler** is having some major health issues / surgery and **Emily Robinson** is in a nursing home / physically doing well. Please keep them in thoughts and prayers, and all those whom we are unaware of their situation. If anyone is aware of a member who is ill, please call **Dolly** if you are able to share the information, so that we may let them know we are thinking of them.

Word seems to be traveling around very quickly about reaching out to retirees who haven't come to our meetings or joined. As of this month, we have gained 11 new members this year! A big welcome to our newest members **Betty Neary**, **Jerry Zadar & Ann Kenda** (FLA) and **Joe & Fran Sepesy**; hope to see you all soon. Contact **Dolly** if you would like her to contact or send information about the Buckeyes to someone. Highlight of the afternoon (after lunch) is our Fifty-Fifty drawing which is handled by **Dave Placko**. Winners were **Janet Osborn** and **Ron Badowski**. Congratulations!

Those of you, who are RUAEA members, remember to vote by May 1st for "OUR" Midwest Regional Director of RUAEA. **Jim Simon** was here last month to speak to our group and is running for re-election! It would be great to have him back sometime for another open discussion.

Nadine Holten brought the lovely table decorations of pear blossoms in small vases to celebrate the beginning of spring. The vases were raffled off at the end of the meeting. The winners of the monthly prizes were as follows: Door prize - **Russell Stinnett**, Birthday - **Mike Thomas**, Anniversary - **Paul & Kathy Russell** celebrating 45 years and 50/50 - **Barbara Martin**. Prizes were also given out for the best St. Patrick's Day outfit. The winners were **Dee Boelter** and **Jack Harper** who each received a bottle of wine.

While shopping the other day, I met up with a couple of familiar faces, **Don & Pat Rodgers**. They both looked great and told me to tell everyone hello for them. One of the reasons they don't attend our meetings is that they spend most week days up at their cabin at the mountains. I encouraged them to visit us sometime and hopefully, they will.

I am afraid the news about **Rance Ishibashi** is not encouraging. Our thoughts and prayers go out to him and his family as he enters the final stages of his struggle with cancer.

Betty Alff is recovering from knee surgery and **Ophelia Nunley** had foot surgery in March. Betty comes regularly to the meetings with her husband **Joe**, but Ophelia hasn't been for sometime. I hope both of them will be able to attend a meeting very soon. **Ann Farmer** recently had knee replacement surgery and is living in Bend. I understand **Pat Payne** is also in a care center in Bend, but the Sunshine Committee was unable to make contact with her.

There are no special activities planned for the next couple of months; however I encourage you to join us for social hour with UAL friends followed by a delicious lunch and business meeting. You could be the one to win the door prize of a free lunch or be celebrating a birthday or anniversary.

Like a newborn baby sometimes gets its days and nights mixed up, Southern Oregon has gotten its winter and spring turned around this year. We had spring in January and February. Now, for the April 2 luncheon, we all arrived in winter coats, brrrrrr's and comments about the snow on the mountains surrounding the Rogue Valley. **Harry & Barbara Horne** did a wonderful job of hosting the April 2 luncheon, which was held at Wild River Pizza & Brewing in Grants Pass with 21 attending. We were pleased to welcome **Linda Althouse** who retired as a United purser. In talking with OUR Club member and fellow purser **Ric Walcha**, Linda realized she had flown with Ric. How nice that the RUAEA chapters make this a smaller world for all of us United retirees.

Our best wishes are with **Ida Rogers** who is recovering from a week in the hospital with viral meningitis. Ida is now home and husband **Bob Rogers** is helping her regain her health. We hope it also helps Ida to know that every one of us is in her cheering section.

May flowers will soon be in bloom - Spring has finally sprung in the Burgh. Our spring luncheon hosted by **Jeri & Bernie** was held on March 12th and 40 members were treated to a delicious lunch. St Patrick's day was in full bloom with **June Schiralli** and **Betty Tinney** in their greenery. We were surprised to see former PITOZ manager **Bob Gause** in attendance, sporting a goatee, looking very spiffy I must say.

President **Ken Wolfe** welcomed everyone and **Carl Chiocchi** led the invocation. Ken repeated the call for more member participation and the need for several officer vacancies to be filled. Lo and behold, **Lorraine Keith** rose to the occasion and volunteered to fill the position of secretary. Thank you, Lorraine. Barbara gave us the Treasurer's report and we are still solvent thanks to her good work. Door prizes donated in part by Pat's Hallmark shop thanks to Treatie. Treatie also gave us her report on her recent trip to Orlando and urged one and all to attend the convention in May. It should be a good time and lots of fun. Sadly, Bernie and I will not be able to attend as we will be in Colorado attending our grandson's wedding.

A short meeting was held after the luncheon and plans were finalized for our April luncheon to be held on April 30th at Peter's Place. Final menu selections were also made for the picnic to be held on July 16th.

The Golden Girls met for a beautiful buffet luncheon at the River's Casino. Hosts **Lee Snuffer** and **Andrea Wisenauer** did a great job in getting us together and presented everyone with some yummy chocolates. Thanks Girls! Although no one broke the bank, Lee promised to set up a repeat trip for the Pit-Stoppers.

Mitch Abbas tells me that **Doris** is recuperating nicely from her recent back surgery. Correction on their address - 540 Montgomery Ave., Washington, PA 16301. Hopefully, Doris will be up to our April luncheon.

We are sad to report the passing of **Betty & Bill Zoller**. Bill, better known as Zippy, and his wife were living in CO. Betty passed away on 2/17/10 and Bill on 2/25/10. Condolences to their daughter Mrs. **Sharon Dyer**, 1951 Hidden Acres Pl., Parker, CO 80138.

We are also sorry to report that **John Mullen** (formerly PITSS) was in a very serious auto accident. I'm sure he would appreciate hearing from his many friends in PIT - address is 15615 Lakewood Hts. Blvd., Lakewood, OH 44107.

Also **Tom Amedick** (former PITOZ supervisor) is having serious health issues - Cards and well wishes can be sent to Tom at 5515 Queensbury Ave., Springfield, VA 22151.

On April 6, 13 dedicated SLC chapter members met over coffee & donuts that were donated by Chapter Pres. **Clair Anderson** & wife **Judy**. A big thank-you to both of them!

Again, we experienced a major overnight spring snowstorm; however, it did not keep our hardy regulars from coming in. It is always good to get together with them and reminisce about our *Old United Times*.

Rich Papworth brought up an interesting subject: The SLC firm of **Sonic Innovations Hearing Aids** is in the process of initiating a 6-week test program regarding its latest state-of-the-art hearing aids; the research dept. is recruiting volunteers for its in-depth feedback from these volunteers. At the next meeting, **Rich** will have available for us more information, along with applications. Several attendees showed an interest in learning more about the program.

Recently, our local daily newspaper, *The Salt Lake Tribune*, informed its readers of a small **Murray Heritage Center** building project, to which our chapter, as their longtime “visitors,” would like to donate some money from “*The Salt Lakers*” membership account. At next-month’s get-together, **Clair Anderson** plans on discussing it in more details, when our Chapter Treasurer **Frank Christenson** is back in town.

We welcomed **Shirley Scown** & son **Mike**. **Hank & Mary Bons** were in good health & spirit. **Frank Zoun** and **Mike “Kris Kringle” Brown** entertained us with some good stories. **Pete Loyola** arrived without wife **Jackie** who is recuperating from a health issue. We wish her a speedy recovery!

Also present was **Tony Brown**, and it was nice to chat with him. **Grant Beutler** brought his lovely new bride. **Andy Gallegos** had promised to come and visit us, but a last-minute project kept him from it, as **George Dalton** related to us. We missed **Keith & Nancy Tronier**; **Bill Berg**, and **Lorraine Olson**.

Our March 9th meeting at Fairwood Country Club was attended by 45 members and guests. It was hosted by **Mary & John Luke**, and through **Mary Luke**’s efforts we were able to enjoy coffee and tea during our luncheon without any extra charge.

President **John Haferbecker** reported that **Rita Reynolds** has been recovering well from her hip injury she sustained during a fall while trying to catch her new dog that escaped from her car. As a result of her experience, Rita came up with an **idea** to set up a chapter equipment exchange program for medical and safety equipment. She got the idea when **Bob Brumfield** gave her a shower chair he no longer needed following his recovery from his hip replacement surgery some time ago. Treasurer **Helen Stanger** volunteered to coordinate the program for us, so anyone needing, or who is interested in loaning or giving away, this type of equipment – canes, crutches, wheelchairs, walkers, bathtub grips, etc., - should call Helen at (206) 232-2449 and advise her. Helen will not actually store the equipment, but will maintain a list and will match the need with the availability.

Helen also gave a Treasurer's report and has whittled down the number of members still owing 2010 dues of \$10 to about 40. We hope those who haven't yet paid will soon do so.

RUAEA national election ballots were passed out to those who hadn't yet voted in this year's election and were then collected at the end of the meeting. **Hank Gosselin** from our chapter is running for Executive Vice President and will appreciate receiving our votes. We also talked about the national convention scheduled in Orlando the last week in May. There are several nice tours being offered, as well as two different cruises at the end of the convention. Special rates are being offered to family and friends.

The door prize winners were **Dona & Chuck Westpfahl, Adelaide Haferbecker, Sidney Reed, Fern & John Lockhart, Phyllis and Lyle Lindblad, John and Mary Luke, Ken Wagner, Helen Stanger and Ed Rousso. Don Anderson** won the 50/50 raffle.

Members celebrating May birthdays are **Dick Devereux, Bud Dice, Tom Lucas and John Luke**. May wedding anniversary celebrants are **John & Edna Paulson** (49th) and **Doug & Carol Christensen** (13th).

Jeannine & Don Anderson attended a special event March 8th at the Museum of Flight at Boeing Field featuring retired U.S. Airways Captain **Chesley Sullenberger** who piloted his plane to an emergency landing on the Hudson River last year. Captain Sullenberger spoke to the attendees and also autographed copies of his book, including one for the Andersons. He also singled out retired Seattle-based retired Captain **Al Haynes**, who was also in attendance, for a tribute for his professionalism in his handling of the Sioux City DC-10 accident in the 1980s.

Some passings to report are: Retired SEAFO Captain **Richard "Dick" Mitchell** of Bend, OR passed away March 14, 2010. He had retired in 1990 and leaves behind his wife, **Aud**, three sons, **Mark, Scott and Todd**, and two daughters, **Nina and Mona**, plus 10 grandchildren. **Ted Studer**, who retired from SEACG, died at the Highline Hospital March 30, 2010 from complications of emphysema. Ted, who was well-known throughout the Seattle area for his work in rebuilding and painting automobiles and his fondness for Corvettes, is survived by a son and daughter. **Marie Wiesner** died March 31, 2010 from complications of vascular disease. She is survived by her husband, **Dick**, who is a retired captain from SEAFO. **Howard Howick** who retired after many years as a Lead Ramp Serviceman in SEACG, died March 12, 2010 in Mesa, AZ. Howard was age 78 or 79 and had suffered from Alzheimer's for about 8 years.

Kathy Hartley, who worked in SEARR, has a journal at www.caringbridge.org/visit/kathyhartley that describes how during treatment of a neck injury following a recent fall, she was discovered to have malignant carcinoma cancer. Bone fragments removed from her neck indicate the presence of a tumor, and subsequent examination revealed a mass in her lower colon, possible tumors in the bone and several lymph nodes and two lesions on her liver. Her oncologist describes her situation as treatable but not curable. Chemo is the course of treatment planned. We all offer Kathy our prayers and best wishes for a successful outcome.

Our monthly get together was held on March 28th at Conley's Restaurant in Spokane Valley. Our newest attendees **Charles & Juanell Brennan**, **Arnold & MaryAnn Kayl** as well as **Jadyn Leodding** joined us. It is refreshing to have new retirees joining our group. Everyone had a great time, enjoyed the meal and had a lot of laughs. It was hosted by **Les and Vera Graham**. We had 17 present for the dinner so imagine what it would have been like without our new faces.

Sorry I got my information mixed up; **Myrtle Stoop** will host the Christmas event at her home in the Spokane Valley in December. Our chapter has enjoyed the service and food at the Chic A Ria for more years than we can remember and it was always hosted by **Les & Vera Graham**. Myrtle is a great host, loves entertaining and everyone that attends will have a truly memorable time. I'm jealous already as I will not be in Spokane.

Dave & Theresa Reisenhauer will host the dinner in May. They plan on having it at the Harvester in Spangle. It has been a long time since the retirees have been there and it was always a favorite spot. Hopefully, **Laney Wilson** will be able to attend as she lives close by. It has been a long time since the group is able to enjoy her company.

Vera Graham recently talked with **Harvey Bouland** and he told her that he and his wife **Margaret** likely will be able to start attending our dinners. It seemed that the only time most of us saw him was at a memorial service. We look forward to them joining us.

A couple of weeks ago, I received a call from a long time UAL friend of many Spokane retirees. He lives in Richmond, VA. He was trying to get in touch with **Warren & Fran Smith** who now reside in Olympia in the winter to be near their daughter. The best part was that I got to talk to the Smiths as well as passing along the message. I hope they got together.

Just a reminder to all of you who would like to attend the "Celebration of Life" for my husband Lance, it will be June 5th at the Knights of Columbus at 302 E. Boone. The time is 1 pm to 4 pm. I look forward to hopefully seeing you there. There is plenty of parking. Take care and God Bless.

Greetings from the Nations Capital! The famous Cherry Trees are in full bloom and the tourists have arrived. Our monthly luncheon in March was well supported and everyone seems well.

Two of our Dulles Loungers took memorable trips to opposite sides of the world and thought I would give you a run down for future reference.

In January 2010, **Pamela Hussey** (IADRR) travelled to Egypt with Grand Circle Tours on a 14 day adventure. The first 5 days were spent in Cairo and the Egyptologist Program Director introduced the highlights of Egypt, both ancient and modern. The museums of Egyptian Antiquities showcased a glittering display of the treasures of King Tut as well as many other artifacts.

The ancient monuments of the Sphinx and the great Pyramids of Giza tower over the desert and can be seen from Cairo 16 miles away. No visit is complete without a visit to a bazaar with hundreds of shops tucked away in the alleyways. Then it was off on a 7 days cruise in the Nile with many stops along the way to tour the great temples. From Luxor, they crossed to the West Bank Necropolis of Thebes, where the treasures of King Tut were discovered and where new discoveries are still being made to this day.

A visit to the Aswan High Dam and a half day Felucca sailboat ride were exciting features of the cruise. Eventually, it was time to return to Cairo and prepare to return to the USA on Egypt Air via New York JFK. Many wonderful memories will stay with Pamela, Luxor, Alexandria, Cairo, Aswan, The Pyramids, etc.

In February 2010, **Jack Lawlor** (IADMK/IADRR) travelled to Vietnam with a buddy via Chicago/Hong Kong and arrived 25 hours later! By coincidence, they met an old friend formerly in cabin service, who was now a Hong Kong based flight attendant. They had not seen each other in 13 years and caught up on all the news over dinner the next two nights!

The first tour from Saigon was to see the Cu Chi tunnels, used by the Viet Cong during the war. The tunnels were at least 100 yards long and three levels down. They were also shown the booby traps used in the war, made of bamboo and slowly smoked to make them harder. The tour included a short boat ride on the Mekong Delta and this was worth taking. The best way to see Saigon is to take a cab to the points of interest, rather than take a tour. They flew to Hanoi and took 3 tours including a Ha Long Bay tour where they overnighted on an upgraded junk! After touring caverns in the rocks and kayaking around landmarks, it was time to return to the junk for a delicious meal. Another tour was the Sapa Tour which was reached by an overnight train ride of 8 hours, going northwest of Hanoi. Next came a 45 minute van ride up into the mountains. In Sapa, you had better be in good shape as this trip was a lot of climbing and a lot of walking at angles. The next day, the tour guide took them by taxi to the New Years celebration in her village!

The food was exceptionally tasty and plentiful!

The last day was reserved for a city tour of Hanoi and included a visit to Ho Chi Minh's Mausoleum. They finally got to see the infamous Hanoi Hilton: This notorious prison was first used by the French and later became a prison for American POWs. Then it was back to Saigon and one more overnight and then home to the USA. An interesting and memorable trip. For more information, **Jack Lawlor** invites you to call him at (703) 726 9444.

Spring is in the air! It's time for celebrating new beginnings, sunshine and friendship! Clipped Wings chapters throughout the country have many celebration plans. This month marks the 80th Anniversary of the Flight Attendant profession.

Special Olympics National Summer Games in Lincoln, NE, will be held July 16-24, 2010. We will volunteer as a group for the Cessna Airlift. We will meet and greet athletes as they arrive and depart Lincoln on hundreds of private aircraft. These flights are operated by hundreds of flight personnel who donate their time to make this operation such an overwhelming success.

We also will host a reception for parents of participating athletes at the Games in Lincoln as we have done for all national and international Special Olympics games since 1987. We remain extremely proud of our participation in this event. This reception was an inspiration conceived and organized by our members that became a meaningful platform for parents of athletes to communicate with **Eunice Kennedy Shriver** and one another. We thank our committee headed by **Barbara Allenby Sinnott** (OAK) for organizing our group for this event. If you are interested in joining our volunteer efforts, please contact **Rosalie Betchart** (PDX), our Volunteer Chair for the event at swissrose@msn.com.

Our biennial convention "Grand Ole Convention" is planned for September 22-26 in Nashville under the leadership of **Mary K Doherty Dana** (OCC) and **Gail Shannon Walker** (DEN) and their committee. We always look forward to this time together to renew our enthusiasm and dedication our organization and to one another.

If you are interested in purchasing the Clipped Wings® airplane scarf either for yourself or for a gift, contact **Cheryl Mullins Jensen** (SMF) rjensen148@aol.com. Each scarf is \$20 plus \$2.00 shipping. Proceeds raised from the profits of the airplane scarves go to support Special Olympics.

WE HAVE RECEIVED LETTERS FROM:

(Although we welcome the statements expressed in the many letters submitted, the comments & opinions expressed are not necessarily the convictions of the organization.)

Paul Steuri, 17112 Chalet Dr., Bellevue, NE 68123-3003

I still live in my nice chalet on Chris Lake. I do my own cooking and wash the dishes. I can't complain for being 88 years old.

I have a wonderful young lady, Jaime Anderson, who comes twice a week to take care of me. She took care of Humby for three years and it doesn't hurt that she is a pretty girl.

I'm sorry to inform that the first United Airline's chef, **Billy Dubacher**, passed away in January at the age of 90.

I am so happy to stay in touch with **Willy Reichmuth, Willy Niederer, Hans Jantzen and Herman Rothweiler**.

I am sorry I will not be able to make it to the next convention.

Beverly Yeager, 100 County Road 1451, Cullman, AL 35058

Thank you to all the Denver Mile Highers who keep the newsletter going.

My husband, Ken was an agent on Colorado Springs and retired in February 2003. I was a flight attendant based in Denver and retired June 2003.

We both look forward to receiving the newsletter.

We do appreciate all the time and energy you all put into getting the newsletter out.

D.T. Ferrell, Jr., P.O. Box 206, 789 Highway 39 East, Athens, TN 37371-0206

Wow! I can't believe that I flew my LAST UAL trip on January 10th, 1990, 20 years ago. Time goes so fast, and a lot of things change with the Airlines. Pass Travel is near a mystery. I used to just call up and list, and now I'm really not sure what you do to list on a flight, but that is another story. Lately we have been riding as "Full Fare" passengers, just to get there. Being a full fare passenger is almost as complicated. Once you miss a flight because of scheduled delay, you go back on standby again.

I am glad that in live I Tennessee because it is just about as nice as anyplace I want to travel to anymore. I wish there was a "simple" way to travel, but I sure don't know how to do it. I suppose if I did pass travel a lot, I would know the "ropes" but it sure has gotten complicated to the in-frequent flyer.

Thanks for all of the things that you do. We have a great Tennessee RUAEA, the ROCKY TOPS, and a great President, Herman Emmel. Also we have a great bunch of retired United employees in our group.

Czeslaw Groch, 4560 El Cajon Ave., Fremont, CA 94536-5541

Great job, RUAEA I did not FORGET! I just did not REMEMBER! Being 90 years "young" does strange things to the "old" brain.

I can't promise that I will remember to pay the next dues on time but I plan to be here to hear from you again.

I am enjoying my 21st year of retirement.

"Hello" to all SFOPD retirees staff!

Jan Kessler, 1535 8th St., Manhattan Beach, CA 90266

I certainly enjoy the newsletter each month and we thank you for all the work that goes into it.

My husband and I really enjoy traveling and with the new MP upgrades that go into effect in April, are aware that we will be lucky to fly First Class on United again.

Luckily, my son works for Delta Airlines, so we will continue to try them first, if possible.

Thanks for all the information you supply to we retirees.

Ruth Reiner, Apt. 218 7650 W. McNab Rd., Tamarac, FL 33321

I will be 88 years young on February 18th. My husband just turned 91. We are enjoying life and good health.

Your efforts are very much appreciated. The newsletter brings back wonderful memories when I worked at EWRSW as secretary to great bosses and great people.

Bill Robinson, 3800 Westleigh St. Apt. # 421, Eugene, OR 97405-5007

Do it NOW, it is later than you think, was my philosophy a few years ago. But, after stumbling into the venerable age of 91, I now know that it is LATER, and I don't want to think about it.

Doris and I live in an assisted-living community. They treat us very well, but we still miss our retirement home in the country-side.

I had 34+ years of service, followed by 30 years of retirement, which is not bad. It's a wonderful and enjoyable deal!

Virginia Rood, 141 Hastings Ave., Elk Grove Vlg., IL 60007

Thank you, I will take advantage of the 3 year deal! With my 74th birthday coming up, I am thinking positive!

This will be a special year because my twin granddaughters will graduate from Illinois State and "hopefully" find jobs.

2009 was busy for me because as I helped my cousin and brother get Medicare supplements and prescription plans, what a frustrating and time consuming job that was!

In August, I fell and crushed my left elbow, adding two pins and bone marrow to my left shoulder replacement and 2 hip replacements. Just call me the Bionic Lady.

If any of my old friends and co-workers read this, I hope and pray they are all well and happy.

Dorothy Wood, 5464 Butternut Circle, Minnetonka, MN 55343

No traveling for us. I had a knee replacement in May and a hip replacement in October. I recovered well both times. My doctors said that I was 'amazing'. Then I had cataracts removed, one in December and one in January. I have seen enough doctors! My kids call me their "bionic mother". Thanks for all the work that you do to keep us all informed about our fellow retirees. I always look forward to reading the newsletter.

Robert Ader, 4050 N. Ocean Dr. 1008, Lauderdale by Sea, FL 33308

How quickly times goes by. Almost nine years into retirement and I still enjoy life more each day.

A very big thank you to all who donate their time to produce the newsletter each month. It is easy to forget that this is a big job and those who do it, do so because they enjoy it and not because they are paid for it.

Thank you to all for producing a quality newsletter each month.

Bill Anderson, 410 McDuff Ave., Fremont, CA 94539-7538

Thanks for all your hard work in putting the newsletter together. It is always good to hear what is happening in the airline where I spent 38+ years. I have been retired nine years now and love it.

We have little trouble going to and from Maui and other places for vacation; although stand-by is getting harder all the time.

Patricia Bell, 900 Lane 301 Lake George, Fremont, IN 46737

I just had my 81st birthday on 3/17/2010 and am feeling so well that I am enclosing membership dues for the next 3 years. How's that for being optimistic? If any of my former coworkers don't recognize my name, I hired on in 1951 as Patricia, in 1953, I married and became Pat Alban for 10 years. After retiring in 1988, I remarried

and am now Pat Bell. Unfortunately, my husband passed away in 2006 and I believe I will not change my name again. Such another good man would be hard to find!

For you old timers from the New York and Seattle offices, I'd like to update you on the Maxwell history. My dad, **William (Jim) Maxwell** started his airline employment in the late 1920's with NAT airlines. He worked in the N.J., N.Y. area and was Regional Manager over New York, when he transferred to Seattle in 1961 as Regional Manager of ground services. In 1965, he retired from that post and passed away in 1969 in Helen, Georgia, where he and his wife had retired.

In 1957, he married **Dorothea Kalb**, who had been his secretary at LaGuardia and Idlewild (Kennedy) airports for several years. Dotti was a bright, beautiful young lady, and became our beloved step-mother. She continued to work for UAL (in New York and Seattle) and retired when he did in 1965. After his death, she continued to live and work in the Helen, GA area where she was very well regarded.

Recently, just before New Year's Eve, we had a call that Dotti was failing fast. My brother, Bill Maxwell, his wife Ileen and I were ready to leave for Florida, and got there just before she passed away January 2nd. The funeral services were in Helen, GA and her remains will be taken to the Knoll Cemetery in Port Washington, NY and placed with her husband William Maxwell's remains. Dotti's sister, **Louise Kalb Wurl** and husband **Robert** (both formerly with UA) survive along with many nieces, nephews, step children, grandchildren and great grandchildren.

Bob Gordon, 4931 E. Windstone Trl, Cave Creek, AZ 85331

Just a line to let you know that Jayne and I are doing fine. In October, it will be 26 years since I retired. We have not done as much traveling this past year but we will change that in 2010. With my seniority of 11/6/46, we don't miss too many flights. I thank Jayne and her computer skills for looking over flights and getting me in first class most of the time. We just got back from 3 weeks at our condo in Hawaii and came home for Spring Training and visits from the grandkids. We flew 1st class on a B777 from Honolulu. Ah the joys of life.

Take care.

Mel Hofer, 133373 Plaza Del Rio N. #7722, Peoria, AZ 85381

We are in our 15th years down here in Arizona where we don't get any snow storms but this year we have had a lot of rain. The creek that runs behind our building had been overflowing a couple of times.

After 2 visits to the Intensive Care Unit this past year and several days in the Care Center for rehab, I am feeling pretty good again.

It is hard to believe that I retired from UAL 25 years ago in July and I retired from the U.S. Navy in 1964 after 23 years of service.

My brother tells me that I am the only guy he knows that has retired twice and never worked a day in his life!

We get to see the Azures frequently, so we keep up with what is going on at UAL.

My regards to all of our United friends.

J.H.Hoffman, 736 SW 28th St., Pendleton, OR 97801

You persuaded me to continue membership for one more year. I admit to remembering very few names anymore. Perhaps my 91st birthday is a factor also?

James Bostwick is the only other member here in this area. His health is somewhat questionable and is cared for by his family. Please keep the good work as we certainly appreciate it all; brings back many memories and events.

Jack Kearns, 7558 Newcastle Dr., Cupertino, CA 95014-5221

I enjoy your wonderful publication every month, as it is the only news I receive regarding UAL and the many great people I have met since hiring on 12/9/56.

Keep up the great work and if anyone cares to contact me: use my e-mail: extwaua@aol.com

Joseph McCaughey, 104 Central Ave, Grenloch, NJ 08032

Sixteen years ago, on March 15th, I had less than two months to go before retiring. As I remember it, those two weeks seemed like they would never come. Never ever did I believe I would be enjoying my 16 years of retirement. Neither my father nor grandfather was able to enjoy a single year of retirement before the man upstairs called them home.

I am resting from a long drive to and return from a combination golfing trip to South Carolina and a visit to our Philadelphia Phillies training camp in Clearwater, Florida. I had the pleasure of sharing this trip with my oldest son, Joe. The weather in the South was great, but our return was poorly planned, as we had two and a half days of the most heavy winds and rain fall I can ever remember being subjected to endure. But thankfully, the weather people said it was over. Otherwise I would probably be building or better yet, buying a house boat.

Life has been good and I am enjoying my two new granddaughters.

My heartfelt thanks to all you people who are responsible for getting this newsletter out to us retirees.

My only complaint is the apparent lack of letters and/or notes from fellow retirees. But it is probably the result of the cost of getting of getting the newsletter out to us to enjoy.

Well, it is back to the Golf Channel.

Tom Sjolund, 13405 Saint Andrews Pl., Poway, CA 92064-1039

Another year has flown by and I am in my 7th year of retirement. I don't miss working at United but I do miss many of the great people that I had the opportunity to know and work with in places like New York, Los Angeles, San Diego, Arizona and many of the fine folks in EXO.

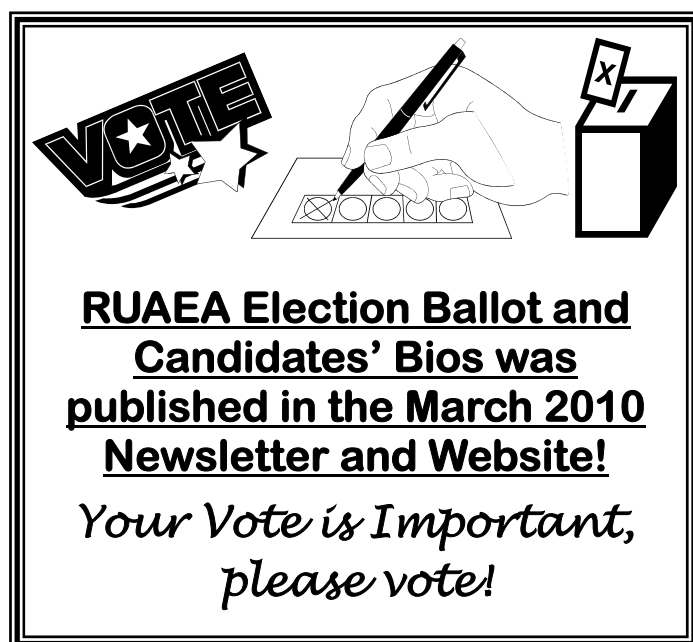

Keep up the great work you do to keep us informed and to retain that feeling of family that has survived through the years.

James Wagner, 1750 Corleone Dr., Sparks, NV 89434-2073

Greetings to all you dedicated and much appreciated folks in DEN.

I'm an Octogenarian as of today 3/25/10, my 80th birthday. It's been a great life! I'm told I came close to not making it this far last December 13th, when I checked myself into the local hospital Emergency Room at 3:00 AM in the morning. It is only 5 blocks from our home so I drove myself over there. It was snowing with about 4 in. on the ground and at that hour, ours were the only tracks in the road. The ER staff thought I was having a heart attack but further tests proved that I did not. I found out later that I was on the verge of a major heart attack and was very lucky that I came in when I did. An Angiogram revealed that I had 3 blockages around my heart and that I needed immediate "bypass surgery."

So, on the 16th of Dec., at age 79, there I was seeing the inside of an operating room for the first time in my life, my first time in a hospital bed as well. What a shock! Other than my heart, I was, and am, in excellent physical condition. My doctors noted that, and predicted a rapid recovery, which has happened. It's been a little over 3 months now and I feel very healthy and fit. I participated in the Cardiac Rehab program at the hospital, which served me well. I continue to do that at our local gym. Deliberate exercise can be a pain at times but the benefits, along with good nutrition, are worth the effort. So, for all you couch potatoes out there, get off the couch and start moving around. You'll be glad you did. Looking forward to 2010.

"Preserving the Past, Inspiring the Future"

The most noticeable exterior difference between the "SkyTrain" and the "standard" DC-3 / C-47 was this front-opening "barn-door" combined with a rear-opening "standard" door. The large "hole" required strengthening the fuselage structure and also "beefing-up" the floor to support the weight of a jeep (or two). "Cabin" differences included fold-up aluminum & canvas "bucket-seats".

Cargo loads to Alaska included: nitroglycerin, dynamite, TNT, tractors, jeeps, field kitchens, gas tanks, tires & tubes, welding machines, acetylene tanks, fresh meat, fresh water, clothing, gasoline and oil.

Guns, ammunition, high-octane gasoline, tools, clothing and other supplies were flown to Naknek, Cold Bay, Umanak and Kodiak Island. The ATC pilots frequently took off in the face of highly unfavorable weather and then worked their way through narrow mountain passes, often without radio aid, to the north side of the Aleutian Peninsula. Then, often only a few hundred feet above the water, they would continue to their destinations.

Round-trip flights ranged from 1,000 to 2,000 miles and required three to six hours on each leg.

In addition to the cargo, a considerable number of construction workers for the new Al-Can Highway were brought in, often as many as 28 per planeload.

Compiled by Marvin Berryman DENTK Retired, from United Air Lines News, "Alaskan Saga" Dec. 1944. ATC 'Wings' from the UAHF DENTK collection.

Info Wanted: Can anyone verify the following excerpt from a DC-3 book by Douglas Ingells?

"Curtiss P-40 fighter planes were flown over the Rock Mtns. by United DC-3 Cargo-Liners. The P-40 fuselages rode inside while the wings were hung in special brackets under the DC-3s." ~MB
